

## PAYNE'S NEXT SINGLE OUT ON OCTOBER

London  
Singer Liam Payne's next single "Bedroom floor" is scheduled to release on October 20, the star has confirmed on social media.

The former One Direction band member confirmed the news on his *Twitter* handle, reports *billboard.com*.

Payne quoted a tweet from a fan account which read: "Why we love Liam because 'Bedroom floor' will be out October 20!"

He added above their tweet: "Yep! My new single 'Bedroom floor' comes out on October 20."

Meanwhile, the "Strip that down" singer said he is able to work on his own new material after One Direction went on hiatus because his life with girlfriend Cheryl Tweedy and their six-month-old son Bear is drama-free. (IANS)
