US lawsuit says TikTok violated young users' privacy

San Francisco, United States

The United States sued Tik-Tok on Friday, saying it had placed the safety of millions of children in jeopardy by collecting their personal data without parental permission.

It was Washington's latest legal broadside launched at TikTok, which is also battling a US law for its Chinese parent ByteDance to sell the video platform or else face a nationwide The Department of Justice

and Federal Trade Commission (FTC) joined forces in Friday's civil suit saying the video-snipdren's Online Privacy Protecto have their children's accounts into TikTok. tion Act (COPPA).

"TikTok knowingly and remillions of children across the officials said in the release. country," FTC chair Lina Khan said in a release.
