Paris agreement climate goals 'in great peril'

AFP | Baku, Azerbaijan

The Paris climate agreement's goals "are in great peril" and 2024 is on track to break new temperature records, the United Nations warned yesterday as COP29 talks opened in Baku.

The period from 2015 to 2024 will also be the warmest decade ever recorded, the UN's World Meteorological Organization (WMO) said in a new report based on six international datasets.

WMO chief Celeste Saulo said she was sounding the "red alert".

"It's another SOS for the planet," she told reporters in Baku.

The warming trend is accelerating the shrinking of glaciers and sea-level rise, and unleashing extreme weather that has wrought havoc on communities and economies around the world.

This came as the Deputy King, His Royal Highness Prince Salman bin Hamad Al Khalifa, the Crown Prince and Prime Minister, yesterday chaired the weekly Cabinet meeting at Gudaibiya Palace.

In Riyadh, His Excellency

Shaikh Khalid bin Abdullah Al Khalifa, the Deputy Prime Minister, took part in the Extraordinary Arab Islamic Summit yesterday at the invitation of King Salman bin Abdulaziz Al Saud, the Custodian of the Two Holy

Mosques, and with the approval of His Majesty King Hamad bin Isa Al Khalifa.

The summit, chaired by HRH Prince Mohammed bin Salman bin Abdulaziz Al Saud, Crown Prince and Prime Minister of

Saudi Arabia, convened leaders from Gulf, Arab, and Islamic states to address the ongoing Israeli aggression on Palestinian and Lebanese territories and discuss the broader regional implications.

The summit came amidst escalating violence in Gaza and southern Lebanon, which has exacerbated humanitarian crises, causing widespread displacement and loss of life.

In his address, Shaikh Khalid bin Abdullah highlighted the pressing need for immediate action to address the crisis.

"The international community must take decisive action, fulfill humanitarian and legal responsibilities, and work towards an immediate and comprehensive ceasefire to safeguard the security of nations and protect civilians," he emphasised.

Saudi calls for 'immediate' Gaza, Lebanon ceasefires

AFP | Riyadh

His Royal Highness Prince Mohammed bin Salman bin Abdulaziz Al Saud, Crown Prince and Prime Minister of Saudi Arabia, yesterday called for immediate ceasefires in Gaza and Lebanon at a joint Arab League and Organisation of Islamic Cooperation summit that will renew calls for a Palestinian state.

Arab and Muslim leaders gathered in Riyadh, more than a year into the Israel-Hamas war and regional escalation, in what is seen as a chance to send a message to US president-elect Donald Trump.

Opening the summit, HRH Prince Mohammed said the international community must "immediately halt the Israeli actions against our brothers in

Palestine and Lebanon", condemning Israel's campaign in Gaza as "genocide".

Saudi Arabia "affirms its support for the brothers in Palestine and Lebanon to overcome the disastrous humanitarian consequences of the ongoing Israeli aggression," he said.

A draft resolution for the summit stresses "firm support" for "national rights" for the Pales-

tinian people, "foremost among which is their right to freedom and to an independent, sovereign state".

Earlier, newly appointed Israeli Foreign Minister Gideon Saar said it was not "realistic" to establish a Palestinian state, dismissing it as a " Hamas state".

"I don't think this position is realistic today and we must be realistic," he said.

Football fraud

European conman sentenced to eight years in jail for BD3.37m investment scam

● **Ronaldo and Messi autographs on merchandise forged**

TDT | Manama

A European con artist has been sentenced to eight years in prison after cheating investors out of more than BD3 million with bogus autographs of football stars Cristiano Ronaldo and Lionel Messi.

The High Criminal Court heard that the man, operating under a false name, led the Ponzi scheme through an unlicensed firm, enticing backers with promises of exclusive sports mementoes.

The Public Prosecution's inquiry revealed that the main culprit, who has a criminal past abroad, slipped into Bahrain under a fake identity in 2022.

He set up a company that claimed to deal in keepsakes and souvenirs, drawing in investors without proper licensing.

His modus operandi in-

involved paying early investors with funds from newer backers; he went to great lengths to cover his tracks, faking records, meddling with electronic logs, and writing bad cheques to mislead both investors and officials.

Investigators uncovered that his three accomplices played active roles in the scheme, helping set up the business, forging documents, and organising unlicensed fundraising to attract more cash.

Authorities tracked over BD1.8 million laundered through personal and company accounts, exposing the steps

he took to disguise the money's origins.

A report from the Financial Intelligence National Centre laid bare the full scale of the fraud, showing how the fraudster used famous athletes' names to lure in investors while hiding his dodgy dealings with fake bills and records.

His accomplices aided in falsifying accounts and moving funds to dodge scrutiny.

Alongside the prison sentences, the court ordered the seizure of over BD1.8 million in ill-gotten gains and ruled that the fraudsters be deported once they complete their sentences.

'Change' on hold

Government resists calls to roll back BCCI voting system

Mohammed Darwish
TDT | Manama

The government has pushed back against a parliamentary push to roll back Bahrain's chamber voting system to an earlier model, arguing that the capital-based structure is fairer and better represents business interests.

While some in the business community see the resistance as stalling change, the Bahrain Chamber insists the existing system strikes the right balance and bolsters investor trust.

The bill at the centre of this clash seeks to bring back an earlier system for vote distribution.

Currently, a company with BD5 million or more in capital holds 256 votes; companies with BD1 million to BD5 million receive 128 votes, while those with BD500,000 to BD1 million are given 64 votes.

Firms with BD100,000 to BD500,000 get 32 votes, those with BD50,000 to BD100,000 have 16 votes, and companies with BD20,000 to BD50,000 receive 8 votes.

Companies under BD20,000 hold 4 votes, while those not disclosing their capital have 2.

The old law, which the bill aims to revive, arranged votes differently: companies with under BD20,000 had 2 votes, those with BD20,000 to BD100,000 were given 3, and businesses from BD100,000 to BD500,000

Image used for illustrative purposes only had 4 votes.

Larger companies

Firms with BD500,000 to BD1 million received 5 votes, those from BD1 million to BD5 million had 6, while larger companies — those between BD5 million and BD100 million — were allotted 7 votes.

Companies with BD100 million to BD500 million held 8 votes, those from BD500 million to BD1 billion had 9, and firms above BD1 billion had 10 votes.

Officials emphasise that the current system, established by the Financial and Economic Affairs Committee in the Council of Representatives, is fully aligned with government policy and the Bahrain Chamber of Commerce and Industry (BCCI).

In a statement, the government, represented by the Minister of Industry, Commerce, and Tourism, defended the capital-linked system as a fair method to balance the number of firms against their financial weight.

Multiple registration

They noted that voting in the Chamber of Commerce differs from voting in Parliament, with each member voting as a business owner, some holding multiple registrations similar to shareholders.

The government also highlighted that the bill's points were already reviewed during the drafting of Law No. 16 of 2020. This law, shaped by thorough studies and discussions among all parties, set up the structure linking votes with capital to reflect economic strength.

Backing the government's stance, BCCI has consistently supported the current voting system, arguing that capital-based voting provides a fair reflection of each company's contribution to Bahrain's economy.

The chamber stated that prior to Law No. 16 of 2020, it conducted extensive reviews to ensure fair voting rights across sectors.

Costs

The 2020 updates also reduced costs for companies — a benefit that, according to BCCI, supports the business community.

These changes, BCCI claims, have stabilised the chamber, linking capital to influence while making Bahrain more attractive to overseas investors.

The 2020 updates also brought clarity to chamber operations, reducing uncertainty and supporting the chamber's long-term economic goals.

The government, represented by the Minister of Industry, Commerce, and Tourism, defended the capital-linked system as a fair method to balance the number of firms against their financial weight.

Meanwhile, the Bahrain Development for SME (BDSME) Society, representing nearly 500 members, reported no complaints regarding the current voting system.

The society believes the setup favours small and micro-businesses, which hold about 70 per cent of the votes, enhancing their representation in chamber elections.

It opposes a return to the old system, arguing that the current approach offers fairer representation aligned with members' economic strength.

Man appeals jail term for robbery and assault case

TDT | Manama

A 20-year-old man is appealing a five-year prison sentence and deportation for his involvement in a violent robbery.

The man, along with unidentified accomplices, assaulted and robbed two of his friends, stealing cash, electronics, and personal documents.

The High Appeals Court scheduled a hearing for November 25th to consider the appeal.

According to the first victim's testimony, the incident occurred at the residence of the second victim.

The 27-year-old African national defendant, who was present, briefly left the house claiming to retrieve something from his car.

He returned three minutes later with four other individuals.

Without warning, the group assaulted the victims, causing various injuries.

They then proceeded to steal a significant amount of property.

Items stolen from the first victim included his European driver's license, identification card, BD400, \$800, two mobile phones, car keys, a laptop, and an iPad.

MPs propose 20% cut in housing loan interest rates

H Naser
TDT | Manama

Five MPs have submitted a proposal urging a 20% reduction in interest rates on housing loans.

The proposal, spearheaded by MP Eman Shuwaiteer and co-signed by MPs Zainab Abdulameer, Mahdi Al Shuwaikh, and Ahmed Qarata, aims to alleviate the financial burden on citizens seeking home loans.

The MPs argue that the current interest rates imposed by local banks are excessively high, reaching approximately 50% of the loan amount in some cases.

This significantly increases the financial strain on citizens trying to secure housing.

The proposed reduction, they contend, would constitute crucial government support for housing services and contribute to improving the overall quality of services provided.

The proposal highlights the need for government intervention to make homeownership more accessible and affordable for Bahraini citizens.

The MPs believe that lowering interest rates will significantly increase the affordability of housing and contribute to a more stable and prosperous housing market.

The proposal's success will depend on its reception by the Bahraini parliament and the government's response to the MPs' concerns.

Council proposes small fee for clothing bins to aid recycling

TDT | Manama

Second-hand clothing bins in Northern Bahrain may soon be managed with a small fee, aiming to bring a bit of order to donation sites scattered across public areas, the Northern Municipal Council announced yesterday.

Under the plan, organisations responsible for managing donation bins on public land would be required to pay a small fee. Plans are in place to arrange bin locations on walkways and in parks, under a proposal by council member Mohammed Saad Al Dosari.

Al Dosari's proposal aims to organise donation bins, which are often left in random spots.

He explained that a small fee would help the council track bin locations and encourage Bahrain's growing habit of recycling.

Mohammed Saad Al Dosari,
Council member

"This is about more than just keeping our streets tidy," Al Dosari told The Daily Tribune. "With bins in the right places, it's easier for people to give what they no longer need, making recycling simpler for everyone."

Al Dosari, who mentioned his own family often donates old clothes, believes that clear rules will keep Bahrain's recycling spirit alive.

"With bins in the right places, it's easier for people to give what they no longer need, making recycling simpler for everyone."

- MOHAMMED SAAD AL DOSARI, COUNCIL MEMBER

The Northern Municipal Council has agreed to pass the plan to the Minister of Municipalities Affairs and Agriculture for review.

The Financial and Legal Committee of the council previously requested that this idea be added to the council's agenda and reviewed its details on 30 October.

Against a backdrop of soaring energy demands and a rapidly shifting global focus toward sustainability, Bahrain today inaugurated the 20th GCC-CIGRE International Conference and

30th Exhibition for Electrical Equipment, 'GCC Power 2024'.

Hosted in partnership with the GCC Regional Committee for Electric Systems (GCC CIGRE) and Bahrain's Electricity and Water Authority (EWA), the conference sets the stage for intense discus-

sions on the future of energy, running from November 11th to 13th.

Bahrain's EWA President, Kamal bin Ahmed Mohammed, presided over the event alongside GCC ministers and prominent representatives from leading global energy companies.

Speaking to an audience of energy leaders, he reaffirmed Bahrain's commitment to sustainable development and underscored the nation's strategic shift toward renewable energy.

The conference, he noted, presents a rare opportunity for

global experts and policymakers to converge, exchange insights, and drive collaborative solutions aimed at both regional and global energy advancements.

GCC Power 2024 will play a significant role in shaping the region's energy landscape.

China's 'Singles Day' shopping spree in spotlight as spending flags

Beijing, China

China's largest online shopping bonanza wraps up on Monday, with analysts and investors watching for signs that consumption is rebounding in the world's second-largest economy after recent efforts by Beijing to boost activity.

"Singles Day" -- launched by tech giant Alibaba in 2009 -- has ballooned into an annual blockbuster period for retail, with days of discounts luring customers to the country's online shopping platforms.

Its name is a riff on the four ones in its date of November 11, or "11.11" -- the tongue-in-cheek celebration of singlehood is a key driver of sales for Alibaba and its main competitor, JD.com.

Neither firm released detailed sales figures on last year's Singles Day for the second time running, with Alibaba saying only that it recorded growth during the period.

Sluggish domestic consumption is among the top issues now facing policymakers in China, which has struggled to achieve a full post-pandemic recovery.

Beijing has in recent weeks announced a slew of the most aggressive measures in years aimed at bolstering growth, including key rate cuts and increasing the debt limit for local governments.

A worker pulls a trolley with packages for delivery after sorting at a JD.com warehouse in Beijing

But many economists argue that in the absence of large-scale fiscal stimulus aimed at encouraging consumer spending, a return to the country's robust pre-pandemic trajectory may be difficult to attain.

This year's Singles Day could represent a major boon for retail giants as analysts watch for signs that recent measures are

having an impact.

Analysts from the ING banking group said in a note last week that it expects to see "solid growth numbers" during the event, which it said "should comfortably outpace the overall consumption growth momentum".

At a warehouse visited by AFP on Monday, employees

from Chinese e-commerce giant JD.com were seen sorting a steady stream of parcels loaded on conveyor belts.

At the end of the line, workers quickly stacked the packages onto trolleys, before transferring them to scooters for delivery to customers.

Consumer prices in China rose at a slower rate in October, official data showed Saturday, in a further sign of languid demand.

Singles Day 2024 "is expected to generate over 1.2 trillion yuan (\$167 billion)... representing a growth of 15 percent compared to the previous year", wrote VO2 Asia Pacific, a consultancy specialising in the digital economy.

While the promotional campaigns could be effective in driving short-term sales, managing partner Vincent Marion warned that the strategy could have negative repercussions.

"Many consumers buy in bulk to reach discount thresholds, only to return the products afterward," said Marion, warning that the practice "erodes profit margins and damages brand perception".

Alibaba, like its main rival JD.com, withheld sales figures on the Singles Day period for the first time ever in 2022, saying instead that sales were flat from the previous year.

EU may launch new sanctions against Israeli settlers 'soon': France

Paris, France

France's foreign minister said on Monday that the European Union could soon launch a new round of sanctions against Israeli settlers accused of fuelling violence in Palestinian territories.

France had already imposed sanctions against "28 violent settlers" and been instrumental in deciding sanctions at the European Union level, Jean-Noel Barrot told the Paris Peace Forum, an annual gathering dedicated to international dialogue.

The EU's sanctions regime had already been activated twice, and "might be activated a third time soon", he said.

"We are deeply attached to the security of Israel," Barrot said, but "in the interest of Israel, of Israeli security, international law needs to be respected and justice needs to be reached".

During a visit to the West Bank on Thursday, Barrot had already threatened a new round of sanctions, and re-

newed France's commitment to a two-state solution to the Israeli-Palestinian conflict.

Settlement activities "threaten the political perspective that can ensure durable peace for Israel and Palestine", he said after talks with Palestinian president Mahmud Abbas in Ramallah.

The United States, Britain, Canada and Australia have also imposed sanctions against extremist settlers.

The EU's foreign affairs commissioner, Josep Borrell, said in August that Israeli settlers were endangering "any chance of peace" and called on the Israeli government to "stop these unacceptable actions immediately".

Sanctions would also be aimed at the "enablers" of violent settler actions, "including some Israeli government members", Borrell said.

Over 700 Palestinians in the West Bank have been killed by Israeli troops and settlers in the last year, according to the Ramallah-based health ministry.

◆ **A Taiwanese army unit** yesterday removed a "corroded" unexploded 227-kilogram bomb from a construction site for a TSMC semiconductor plant in the island's south, authorities said. The "severely corroded" bomb was found at the Nanzih Technology Industrial Park in Kaohsiung where the Taiwanese chipmaking giant is building a new fabrication plant. Construction workers were briefly evacuated from the site while the army bomb disposal unit recovered the bomb. The 500-pound bomb appeared to be from an "early period" but its exact vintage could not be determined due to its "unclear serial number", 8th Field Army spokeswoman Kung Chiung-yu told AFP. The bomb was later taken to a secure storage facility where it will be destroyed, Kung said.

◆ **The Kremlin yesterday** denied a US media report that Russian President Vladimir Putin and US president-elect Donald Trump shared a call about the Ukraine conflict. The Washington Post reported Sunday that Trump had urged the Russian leader not to escalate the war in Ukraine. Kremlin spokesman Dmitry Peskov told journalists that the report was "simply false information", denying any phone call took place. The Post, citing several people familiar with the call who spoke on the basis of anonymity, reported that Trump had reminded Putin of the sizable US military presence in Europe.

They said Trump also expressed an interest in further conversations to discuss "the resolution of Ukraine's war soon." Steven Cheung, Trump's communications director, did not confirm the exchange, telling AFP in a written statement that "we do not comment on private calls between President Trump and other world leaders."

◆ **China will unveil** a new stealth fighter jet and attack drones at a major airshow this week, with analysts and rival powers watching closely for rare clues on Beijing's military hardware development. The country's close ties with Moscow will also be on display at Airshow China, which showcases Beijing's civil and military aerospace sector every two years in the southern city of Zhuhai. This year it coincides with the 75th anniversary of the People's Liberation Army Air Force (PLAAF), and advancements in its fighting strength have taken centre stage. Beijing has poured resources into modernising and expanding its aviation capabilities as it faces off against the United States and others around regional flashpoints like Taiwan. The new J-35A, described as a "medium-sized stealth multi-purpose fighter", looks similar in design to a US F-35, analysts say, though details are few.

'Only \$1 mn': Iraqi PM adviser suspected of bribe-taking

AFP | Baghdad, Iraq

Iraq's anti-corruption agency yesterday announced an investigation into a prime ministerial aide over an alleged audio recording in which he referred to a bribe as being too small.

Corruption is endemic in the state institutions of oil-rich Iraq, but the top echelons of power often evade accountability. The aide, Abdel Karim al-Faisal, denied the accusation and has denounced on Facebook the "fabricated" audio clip. In the recording obtained by Iraqi media, a man alleged to be Faisal criticised his interlocutor, during a phone call, for the bribe being "only \$1 million". The Commission of Integrity anti-graft body said in a statement it was acting under a directive from Prime Minister Mohammed Shia al-Sudani in opening "an investigation into an audio recording attributed to the head of the Commission of Advisers to the Prime Minister's Office".

It added that it was acting "in coordination with a criminal court judge handling anti-corruption cases".

AFP was not able to authenticate the recording.

In the past few weeks several leaks of alleged recordings have shaken Iraq.

Last month, the chief of the tax bureau, Ali Alawi, was

suspended for 60 days after an investigation opened following such a leak. An audio recording attributed to him led to accusations that he had granted tax reductions.

He was also placed in detention, a source with the Commission of Integrity told AFP, under cover of anonymity.

The former head of the integrity commission himself was fired, only to be given an advisory post at the justice ministry.

This came after judicial authorities in September had announced a probe into the integrity commission chief over alleged audio recordings attributed to him and related to suspected bribery.

It is not unknown in Iraq for public officials to try to settle scores by trading accusations.

One of the country's biggest-ever corruption cases involved the theft of \$2.5 billion in public funds from 2021 to 2022. At the end of August, the judiciary issued arrest warrants for a businessman alleged to be the main suspect in that case, and for a former government official.

UAE says Mideast needs 'robust' US leadership

Rescuers from the Lebanese Red Cross search for victims and survivors at the site of an Israeli airstrike that targeted the village of Rasm El-Hadath in the eastern Lebanese Bekaa valley
Abu Dhabi, United Arab Emirates

The Middle East needs "robust leadership" from the United States as the region faces multiple wars and crises, a top UAE official said yesterday as President-elect Donald Trump prepares to return to power.

UAE presidential advisor Anwar Gargash, speaking at the Abu Dhabi Strategic Debate conference, urged the new Trump administration to prioritise a "comprehensive" strategy instead of a "reactive and piecemeal" approach. Trump has suggested that as president, he would give freer rein to Israel as it battles Palestinian and Lebanese militants.

Gargash, in his keynote address, said that "as we navigate through turbulent times, US leadership and partnership remain indispensable".

"The United States has historically played a pivotal role in the Middle East, and its involvement is critical, especially during crises we are witnessing today.

"However, it is essential to recognise that involvement is never

Hezbollah says Israeli army 'unable' to occupy any Lebanese villages

AFP | Beirut, Lebanon

Hezbollah said on Monday that the Israeli military has been incapable of occupying even a single village in Lebanon since launching cross-border ground operations six weeks ago.

Israeli troops on September 30 began what the military called "localised and targeted raids" against Hezbollah in Lebanon's southern border area, a week after escalating air strikes on Hezbollah targets in Lebanon.

"After 45 days of bloody fighting, the enemy is still unable to occupy a single Lebanese village," Hezbollah spokesman Mohammad Afif told a news

conference in south Beirut, a stronghold of the movement and a repeated target of Israeli air raids.

Hezbollah, armed and financed by Iran, had on October 23 issued a similar statement that said Israel's army "has not been able to fully establish its control or completely occupy any village" in southern Lebanon.

Israel has said its aim is to make its northern border safe for the return of tens of thousands of Israelis displaced when Hezbollah began cross-border fire, which it described as support for Hamas Palestinian militants in Gaza, more than a year ago.

enough. We need robust leadership that prioritises humanitarian considerations alongside strategic interests."

Gargash said that "with an incoming American administration, we must avoid reactive and piecemeal policies at the expense of

a comprehensive approach that aims to maintain regional security and stability."

"The UAE will continue to work closely with the United States in this strategic and institutionally-based relationship," Gargash said.

Trump demands Senate bypass votes to confirm appointees

AFP | Washington, United States

US President-elect Donald Trump demanded Sunday that Republican lawmakers allow him to appoint key officials without a Senate confirmation vote, aiming to block the little remaining power Democrats have to stymie his administration.

Republican senators are in the process of picking their next leader, who will wield significant power come January after the party wrested back control of the upper chamber from Democrats -- albeit with a narrow majority.

Under the US Constitution, the Senate must vote to approve nominations made by the president for senior executive positions, such as cabinet posts, and judicial appointments.

A constitutional clause however allows for presidents to bypass a Senate vote if the chamber is in an extended recess.

In a bid to maintain the legislative branch's power against the presidency, the Senate usually uses a parliamentary maneuver to avoid ever entering a sufficiently long recess.

But Trump said Sunday on social media that "any Republi-

can Senator seeking the coveted LEADERSHIP position in the United States Senate must agree to Recess Appointments."

"Sometimes the votes can take two years, or more. This is what they did four years ago, and we cannot let it happen again," he said, referencing his first term in office. The three senators seeking to become the Republican leader in the chamber all issued statements of varying levels of support for so-called recess appointments.

"100% agree. I will do whatever it takes to get your nominations through as quickly as

possible," responded Rick Scott of Florida, who has won the backing of several close Trump allies, including billionaire Elon Musk and Vivek Ramaswamy.

"We must act quickly and decisively to get the president's nominees in place as soon as possible, & all options are on the table to make that happen, including recess appointments," added John Thune of South Dakota, currently the number two Senate Republican.

John Cornyn of Texas said "it is unacceptable for Senate Democrats to blockade" Trump's cabinet appointments. "If they do, we

will stay in session, including weekends, until they relent. Additionally, the Constitution expressly confers the power on the President to make recess appointments," he added. Trump also called for the Senate to halt any pending judicial nominations. "No Judges should be approved during this period of time because the Democrats are looking to ram through their Judges as the Republicans fight over Leadership. THIS IS NOT ACCEPTABLE," he said.

Democrats have narrowly controlled the Senate throughout President Joe Biden's term, during which they have pushed through hundreds of federal judges, seeking to offset a massive wave of conservatives installed by Trump during his first term.

Harris appears with Biden for first time since election loss

US President Joe Biden lays a wreath at The Tomb of the Unknown Soldier in Arlington National Cemetery to mark Veterans Day as Vice President Kamala Harris (L) and Veterans' Affairs Secretary Dennis McDonough (2nd L) look on November 11, 2024 in Arlington, Virginia

AFP | Washington, United States

US President Joe Biden laid a wreath Monday to honor the nation's fallen soldiers on Veterans Day, an event marking his first appearance with Vice President Kamala Harris since her election defeat last week.

The ceremony, at historic Arlington National Cemetery across the Potomac River from Washington, is also the first time Harris has been seen in public since her November 6 speech in which she conceded the presidential election to Donald Trump.

Democrats, facing a painful reckoning over their drubbing,

have begun soul-searching internal discussions -- and some not-so-private blaming -- over what caused Harris's loss, with some pointing to Biden's initial insistence on running again at age 81, despite having promised to be a bridge president to the next generation. Criticism of Harris herself has been more muted, and Biden heaped praise on Harris last Thursday in a televised White House address.

Earlier Monday Biden hosted veterans at the White House to mark the holiday before heading to Arlington, the final resting place of two presidents, generals from all major US wars, and thousands of other military personnel.

Casemiro backs Amorim revival

Manchester United midfielder excited for new era under portuguese manager

● Casemiro believes Amorim can bring success to Man Utd

● Man Utd face a quick turnaround with a match against Ipswich

AFP | London

Casemiro says Manchester United's players are hungry to learn from new manager Ruben Amorim, who is expected to arrive in Britain yesterday to start the daunting task of reviving the struggling club.

Ruud van Nistelrooy's four-match reign as interim United boss ended with a 3-0 Premier League victory against Leicester on Sunday -- a third win in four matches since Erik ten Hag was sacked.

Brazilian midfielder Casemiro is looking forward to working with the Dutchman's highly rated successor.

"He is very true, very loyal," Casemiro said after the win against Leicester.

"We cannot ignore how he has changed Sporting (Lisbon). We

”
I think there is going to be a good template that everyone wants to grow, everyone wants to learn. I think that is the way to first help us grow to be at the top of the table

CASEMIRO

know that Sporting won many titles, changed the club with titles, with trophies.

"He has already proved that he is a coach that has won a lot.

"I think there is going to be a good template that everyone wants to grow, everyone wants to learn. I think that is the way to first help us grow to be at the top of the table."

Amorim, 39, will be unable to lead coaching sessions until his work permit is granted.

But the Portuguese coach is allowed at United's Carrington training ground for meetings, and talks with Van Nistelrooy will be high on his agenda.

The popular former striker returned to Old Trafford in July

Manchester United's Brazilian midfielder #18 Casemiro fouls Chelsea's Portuguese midfielder #07 Pedro Neto

as one of Ten Hag's assistants on a deal until 2026 and has been open about his desire to stay.

Amorim's first match will be a trip to Ipswich on November 24, meaning there will be little time to implement his ideas and

expected 3-4-3 formation.

Casemiro's form has improved after a shaky start to the season, which included an error-strewn performance in a 3-0 defeat by Liverpool.

"Well, everyone can see can't

they? I only had the Liverpool game, right? The whole team was not good in that game, or this season," said the former Real Madrid player.

"This match, but individually, of course when the goals

are missed, of course it ends up hurting the team more, but I think it's been a good season for me.

"I want to continue growing, I want to continue helping my team-mates and the coach, helping Manchester United grow."

Amorim bid farewell to Sporting in style on Sunday, securing a thrilling 4-2 comeback win at his former club Braga.

The Portuguese champions announced yesterday that Joao Pereira would be the new head coach, stepping up from his role as reserve-team boss.

Troubled Arsenal must 'show their teeth': Arteta

AFP | London

Mikel Arteta urged Arsenal to "show their teeth" after his side's "nightmare" run culminated in a 1-1 draw against Chelsea that dealt a fresh blow to their Premier League title hopes on Sunday.

Arteta's team blew the lead given to them by Gabriel Martinelli's second-half strike as Pedro Neto's superb long-range equaliser extended Arsenal's winless run to four league games. With only three wins in their last nine league matches, the fourth-placed Gunners are languishing nine points behind leaders Liverpool.

Arsenal's unexpected malaise comes after two successive run-

Chelsea's Cole Palmer (2L) vies with Arsenal's Declan Rice (2R)

ners-up finishes in the title race. Arteta still believes they can

get back in the title race, as long as they show the nastier side of

their personality.

Asked what Arsenal need to do to close the gap on Liverpool, the Gunners boss said: "Win, win and win. That is what we have to do. There is nothing we can change about our position right now.

"When it gets nasty, show your teeth and show how much you want it. When you are in Disneyland, everything is beautiful and everyone is nice to you. When it gets dark and difficult, that is the time to show your courage."

Arteta has been hampered by injuries to Martin Odegaard, Jurrien Timber and Bukayo Saka among others, with a rash of red cards also unsettling his side early in the season.

The Youth Club team has arrived in Doha, Qatar, to compete in the 27th Asian Club League Handball Championship. Hosted by Al Rayyan Club from November 12 to 23, this championship also serves as a qualifier for the 2025 IHF Men's Super Globe. Matches will take place at the Duhail Handball Sports Hall, under the Qatar Handball Federation

India coach Gambhir backs 'incredibly tough men' Rohit, Kohli

AFP | New Delhi

India coach Gautam Gambhir yesterday backed "incredibly tough men" Rohit Sharma and Virat Kohli to prove their critics wrong and find form in Australia.

Skipper Rohit and superstar batsman Kohli came under fire after India crashed to a humiliating 3-0 Test series home defeat to New Zealand.

Rohit scored 91 runs in three matches. Kohli made just 93.

Speaking just before India flew off to Australia for a blockbuster five-match Test series, Gambhir said he had "no concerns for Virat and Rohit".

"They are incredibly tough men," he said.

"They've achieved a lot for Indian cricket and they will continue to achieve a lot in the future as well."

Gambhir hit out at Ricky Ponting after the former Australia

”

GAUTAM GAMBHIR

captain questioned the longer-term form of the two senior batsmen.

"What does Ponting have to do with Indian cricket?" Gambhir said.

Gambhir said the Indian team as a whole were eager to prove themselves after the New Zealand defeat, only their second Test series whitewash at home.

"I feel there is a lot of hunger, especially after what has happened in the last series," he said.

India's captain Rohit Sharma (C) with teammates Ravichandran Ashwin (L) and Virat Kohli attend a practice session

Gambhir believes the biggest challenge in Australia will be the quicker pitches compared to India, where conditions are traditionally spin-friendly.

But Gambhir said his under-the-cosh side were ready to "fire from ball one" in a series that

starts in Perth on November 22.

"We've been to Australia many times, so that experience will be crucial," said the coach, who has also faced some flak.

"If we play to our potential, we play our best cricket, we can beat anyone on any wicket."

Barca rule out Lewandowski for 10 days, Yamal up to three weeks

AFP | Barcelona

Barcelona star forwards Robert Lewandowski and Lamine Yamal have picked up injuries which have ruled them out of the international break, the La Liga leaders said yesterday.

Lewandowski suffered a back injury in Sunday's 1-0 defeat at Real Sociedad during which he had a goal controversially disallowed.

"Lewandowski is having trouble in the lumbar region of his back, and will be rested for about 10 days," Barcelona said in a statement.

The 36-year-old will miss Poland's upcoming Nations League games against Portugal and Scotland, but should be back for Barcelona's next league outing at Celta Vigo on November 23.

Yamal missed Sunday's game

in San Sebastian with a right ankle injury and is expected to be out of action for between two and three weeks, the club said.

The 17-year-old will miss Spain's matches on Thursday in Denmark and next Monday against Switzerland, and Barca's trip to Vigo.

He is also a doubt for the home Champions League game against Brest on November 26 and the following La Liga meeting with Las Palmas.

Yamal has scored six goals in his 15 games this season, while Lewandowski has 17 in all competitions and is currently the top goalscorer in La Liga.

Barcelona are sixth in the Champions League with nine points. The Catalans are six points ahead of Real Madrid in La Liga but have played a game more than their title rivals.

Guardiola vows Man City revival

Manchester City manager confident despite unprecedented four-match losing streak

● Guardiola suffers first-ever four-match losing streak

● City five points behind Liverpool in Premier League

● Injuries plague squad, including Dias and Grealish

TDT | Manama

Pep Guardiola says Manchester City will “recover our best” after he suffered a fourth straight defeat for the first time in his stellar managerial career.

City’s 2-1 defeat at Brighton on Saturday came after losses to Tottenham in the League Cup, Bournemouth in the Premier League and Sporting Lisbon in the Champions League.

Guardiola’s men, chasing an unprecedented fifth straight Premier League title, are now five points behind leaders Liverpool after 11 matches in the

Manchester City's Erling Haaland (C) misses with this headed attempt

English top flight.

“I was a football player and many times I lost a lot of games -- four in a row, five in a row, six in a row,” said the City boss.

“I never expect different, the

fact we won in the past, that we are special. People can believe that but it's not true.”

City are struggling badly with injuries, with Ruben Dias, John Stones, Jeremy Doku and Jack

Grealish among those absent for the defeat at Bournemouth.

“We are not consistent enough to maintain this level that helped us to win what we want for many years,” said Guardiola. “Hopeful-

ly in the future we'll come back, and if we don't come back we'll learn from that.”

City have been champions in six of the past seven seasons but it is not uncommon for them to stumble in the autumn.

Last season they won just one league game in six during a spell in November and December but recovered to retain the title.

“Don't be complacent when you win a lot, know how difficult it is,” said Guardiola. “That makes us believe how difficult it was and how nice it will be when

PEP GUARDIOLA

we win again.”

He added: “Right now we are not in our best, it's obvious. But still it's November so hopefully we'll come back step by step. Every game will be tough for every team. We'll recover our best and then we'll see.”

After the current international break, City face a testing run-up to Christmas with matches against Tottenham, Liverpool, Nottingham Forest, Crystal Palace, Manchester United and Aston Villa.

Pep Guardiola remains optimistic, citing Manchester City's past resilience, including last season's November slump followed by title retention

The Bahrain Olympic Committee's Gender Equality in Sports Committee has announced the launch of the “I Am Talented” programme, an initiative that recently won the Gulf Women's Sports Hackathon award in Oman. Supported by Olympic Solidarity, this program aims to uncover talent across genders in a variety of sports, furthering the Committee's mission of developing champions.

Expressing her gratitude, Dr. Shaikha Hessa bint Khalid Al Khalifa, Board Member of

the Bahrain Olympic Committee and Chair of the Gender Equality in Sports Committee, extended heartfelt thanks to HH Shaikh Khalid bin Hamad Al Khalifa, First Deputy President of the Supreme Council for Youth and Sports, President of the General Sports Authority, and President of the Bahrain Olympic Committee, for his pivotal support in realizing this ambitious project.

The “I Am Talented” programme focuses on identifying promising talent across both individual and team sports. Selected athletes will participate in year-round training programs, coordinated with sports

federations and clubs, to build their physical and technical abilities. The program also includes regular evaluations with relevant sports organisations to track athletes' progress and readiness, aiming to develop Bahrain's next Olympic champions to life.

Targeting young athletes ages 6-14, the program covers seven sports: three individual disciplines—fencing, sailing, and karate—and four team sports—football, volleyball, handball, and basketball. The Committee hopes this initiative will nurture new talent, enriching Bahrain's national teams with fresh potential.
