#### Riyadh

The International Federation of Association Football (Fifa) announced yesterday that Saudi Arabia has won the bid to host the Fifa World Cup 2034.

The announcement was made during Fifa's extraordinary general assembly meeting, held virtually.

Saudi Arabia will become the first country in history to solely host the largest edition of the World Cup, featuring 48 national teams competing across five cities. This follows Fifa's earlier

approval of the expanded tournament format.

The Kingdom formally submitted its bid for the tournament in July under the slogan "Growing. Together" outlining ambitious plans to host matches across 15 stadiums in five cities: Riyadh, Jeddah, Al Khobar, Abha, and NEOM, with an additional 10 hosting sites across the country.
