Shura Council approves law to double disability quota

TDT | Manama

In a landmark move, the Shura Council has approved a proposed law mandating increased employment opportunities for persons with disabilities.

This progressive legislation aims to raise the required number of disabled workers in companies with 50 or more employees from 2% to 4%, paving the way for more inclusive workplaces and a brighter future for the disabled community.

The proposal, championed by a dedicated group of Shura Council members, not only focuses on numerical targets but also emphasizes seamless integration. It calls for the creation of an official decree, spearheaded by the Minister of Labour in collaboration with other relevant authorities, outlining jobs and positions specifically suited for individuals with disabilities. This crucial step ensures compatibility between disability types and work requirements, allowing for tailored opportunities that maximize potential.

"This proposed law is about empowerment and recognition,"

declared Talal Mohammed Al Manai, one of the driving forces behind the initiative. "We want to see more Bahraini citizens with disabilities not just employed, but thriving in their chosen fields. By increasing the mandated percentage and ensuring job suitability, we are paving the way for a more inclusive and diverse labour market."

Bahrain 'empowering' tomorrow's workforce

Shura Council adjourns discussion on law requiring businesses to train graduates

TDI | Manama

The Shura Council session yesterday concluded with the adjournment of the discussion regarding a proposed law concerning vocational training.

The law, put forward by Ejlal Isa Bubshait, Dr. Hani Ali Al Sa'ati, Dr. Jameela Mohammed Redha Al Salman, Dr. Mohammed Ali Hassan, and Sadeq Eid Al Rahma, aims to make it mandatory for employers with a workforce of 50 or more to provide training for university graduates.

The Daily Tribute had earlier reported that the Shura Council was expected to pass the law and send it to the government to draft a law bill based on it.

The proposed law seeks to address the issue of high unemployment rates among graduates by obligating employers to train individuals recommended by the Ministry of Labour for a minimum period of three months. The recommended ratio is one trainee for every 50 workers in their establishments.

The main objective of the law

is to encourage employers to actively contribute to the national effort of prioritizing Bahraini citizens for employment opportunities. By making it mandatory to train Bahraini university graduates, the law aims to equip them with the necessary skills and experience to secure suitable employment.

Robust legal framework

The absence of compulsory vocational training in the private sector has resulted in a significant number of unemployed graduates, necessitating legislative intervention to establish a robust legal framework that holds employers accountable for fulfilling their social responsibility.

The proponents of the law

stressed the importance of equal opportunities for all citizens, allowing new Bahraini university graduates to kickstart their professional careers early and gain practical training in private sector companies with a workforce of at least fifty employees. This initiative aims to activate the social role of capital alongside its economic function, in line with the constitutional requirements of social justice.

The proposal also emphasised the need to raise awareness among foreign university graduates entering the job market about the significance of working in the private sector, as it offers the most promising employment opportunities.

The discussion on this impor-

Move to curb runaway domestic worker cases

TDI | Manama

Despite the Ministry of Labour's opposition, the Services Committee of the Council of Representatives has recommended approving a law proposal that eliminates the entitlement of domestic workers, including housemaids, to end-of-service benefits if they leave their employment in violation of work permit conditions.

The proposed law aims to contribute to reducing cases of runaway domestic workers, deterring maids through stricter penalties, safeguarding the rights of employers, and incentivising the recruitment of domestic workers while ensuring there are deterrent measures in place.

Additionally, the proposal seeks to increase the interest of merchants in investing

in such activities related to the recruitment of domestic workers, thereby revitalising the market and the economy through increased investments and the establishment of such ventures. It also aims to raise the level of commitment among domestic workers, increase satisfaction levels for employers with the presence of these provisions, and reduce the rates of loose labour and crimes committed by domestic workers.

Urgent proposal to halt removal of fish traps

TDI | Manama

Peace protesters march toward the gates of the Royal Air Force Akrotiri base, a British overseas territory near the Cypriot coastal city of Limassol, as they rally against its alleged use to supply Israel's war in Gaza, a claim denied by Britain

AFP | London, United Kingdom

Britain remains ready to act to "defend freedom of navigation", foreign minister David Cameron said yesterday in the wake of joint US-UK air strikes on Yemen.

"We've demonstrated that we're prepared to follow words and warnings with action and that is incredibly important," Cameron told broadcaster Sky News. He suggested further strikes could occur if the Houthi rebels, who control much of Yemen, continue to target ships in the Red Sea.

"We have to act. Not acting is also a policy and it was a policy that wasn't working," he said.

"It's not just the goods that are coming to this country... it is also grain ships on their way to Ethiopia and Sudan to feed some of the poorest and

hungriest people in the world." He accused Iran, which backs the Houthis, of being a "malign actor in the region".

Some MPs complained that they were unable to debate Thursday's air strikes before they occurred.

Cameron said there would be a statement in parliament on Monday when both houses could raise questions.

Opposition leader Keir Starmer, widely tipped to become prime minister later this year, told the BBC he would back further action "on its merits", although the decision ultimately rests with the government. Cameron's comments echo those of US President Joe Biden, who said he would "not hesitate to direct further measures to protect our people and the free flow of international commerce as necessary".

How will AI disrupt the world of work?

Machuel: "It's probably the largest disruption and revolution that we've seen in decades. It's going to be massive. And let's be clear, no one really knows or can really anticipate with a precise view what's going to happen in the next five years."

"All this productivity enhancement helps people do more but also destroys some of

the jobs people are doing. There is definitely an element of jobs being created and jobs that are being destroyed. We've seen that with the internet, with digitalisation.

"What we've seen in the past tells us that there is more or less a balance between the two."

"Technology brings a lot of better understanding of interaction between people and markets but it also brings complexity. And that complexity requires more people to deal with it."

"GenAI will bring productivity on one side but it will also bring more proof-points, more data, more ways of looking at relationships, products and services. And for all these, we need people."

Are some jobs more at risk than others?

Machuel: "It's probably a bit too early to precisely describe jobs that are fundamentally at risk. Because we have to look at the tasks behind them."

"If you only compute information, gather information and

synthesise it, then your job is at risk, be it a job in finance, in legal, in business, because... it is what GenAI does."

"Probably white-collar workers will be more impacted than blue-collar workers -- at least in the short term."

"Within the white collar space, the things that are linked to massive information management will be more disrupted than the skills that are linked to relationship building, to strategic thinking or problem-solving."

"However, we know that there are limits."

"Take the example of a lawyer or of a paralegal: computing an immense number of legal decisions can be done by GenAI."

"However, the deep and subtle understanding of a complex legal situation and problem-solving skills that are needed to put things together is still very human-related."

"Our military detected one suspected intermediate-range ballistic missile launched from the Pyongyang area towards the East Sea at around 14:55 (0555 GMT)," Seoul's Joint Chiefs of Staff said in a statement, referring to the body of water also known as the Sea of Japan. The missile flew 1,000 kilometres (621 miles), the JCS added, saying that authorities in Seoul, Washington and Tokyo were analysing the specifications. "We strongly condemn the latest missile launch by North Korea as it is a clear provocation that seriously threatens peace and stability on the Korean peninsula," it said. Japan's coast guard also confirmed a suspected missile launch by North Korea, citing information from the country's defence ministry, and warning vessels to take care.

Iran frees reporters who covered death that sparked protests

AFP | Tehran, Iran

Iranian authorities yesterday freed two journalists who spent more than a year behind bars for covering the death of Mahsa Amini, which sparked months-long nationwide protests, local media said.

Niloufar Hamedei (R) and Elahe Mohammadi (L)

Niloufar Hamedei, 31, and Elahe Mohammadi, 36, were "released from Evin prison on bail," according to the reformist Shargh newspaper. Other outlets in Iran also reported their release.

Tasnim news agency said that each "will pay a bail of 100 billion rials (\$192,307)."

The journalists are appealing their sentences of several years in prison, and Tasnim said they "will remain out of jail until the appeals court makes a decision."

They are also banned from travel abroad, it said.

Images of the two journalists smiling and holding hands outside the prison circulated on social media following their release. Mohammadi, a reporter for Ham Mihan newspaper, and Hamedei, a photographer for Shargh newspaper, had been held in Tehran's Evin prison following Amini's death in September 2022.

Amini, a 22-year-old Iranian Kurd, had been arrested for an alleged breach of strict dress rules for women. She died in custody of the morality police. Hamedei was arrested less

Mohammadi was subsequently given six years in prison and Hamedei was handed a seven-year term for the same offence, said Mizan.

The two also received five-year sentences each for the conspiracy charges and one each for propaganda, the website said, adding the sentences would be served concurrently.

China FM warns Taiwan independence moves will be 'harshly punished'

AFP | Beijing, China

China's top diplomat warned yesterday that any steps towards Taiwan's independence would be "harshly punished", after the self-ruled island defied Beijing's warnings and chose pro-sovereignty candidate Lai Ching-te as president.

Voters on the island spurned Beijing's repeated calls not to vote for Lai, delivering a comfortable victory for a man China's ruling Communist Party sees as a dangerous separatist.

Beijing, which claims Taiwan

Local newspapers with the ruling Democratic Progressive Party's (DPP) victory in the presidential election on the front pages remain on the counter at the reception of an office building in Taipei

as its territory and has never renounced force to bring it under its control, responded to Lai's victory by saying it would not change the "inevitable trend of China's reunification".

"If anyone on the island of Taiwan thinks of going for independence, they will be trying to split apart China's territory, and will certainly be harshly punished by both history and the law," Wang Yi said in a joint press conference with his Egyptian counterpart Sameh Shoukry in Cairo. "This is a dead end," he added.

"No matter what the results of the election are, they cannot change the basic fact that there is only one China and Taiwan is a part of it," Wang said Sunday.

"Taiwan has never been a country. It wasn't in the past, and it certainly won't be in the future," he added.

Efforts to that end, Wang warned, "seriously threatens the well-being of Taiwan compatriots, seriously harms the fundamental interests of the Chinese nation, and seriously jeopardises peace and stability in the Taiwan Strait region".

Former PM Jacinda Ardern marries partner in New Zealand

AFP | Wellington, New Zealand

Former New Zealand Prime Minister Jacinda Ardern has married her longtime partner, tying the knot after Covid restrictions forced the couple to cancel a ceremony in 2022.

On the back of her shock resignation in January last year, Ardern told reporters she was looking forward to "finally" getting hitched to her TV presenter fiancé.

The 43-year-old married fishing show host Clarke Gayford, 47, in a small ceremony held on Saturday in New Zealand's Hawke's Bay wine

region. The couple planned to marry in early 2022, but were forced to cancel after Ardern's government ramped up Covid restrictions in the face of surging cases.

An international hero of progressive politics, Ardern steered New Zealand through natural disasters, the Covid-19 pandemic and the 2019 Christchurch mosque massacre.

She graced the cover of Time Magazine in 2020, and drew widespread praise after carrying baby daughter Neve with her on the floor of the United Nations general assembly.

83 countries hold Ukraine peace talks

Participants pose during the 4th meeting of the National Security Advisors (NSA) on the peace formula for Ukraine, in Davos

AFP | Davos, Switzerland

More than 80 countries were holding talks yesterday seeking common ground on Ukraine's peace formula, as the Swiss co-hosts admitted that being ready to include Russia remains some way off.

National security advisors from 83 countries held a fourth round of discussions based on Ukrainian President Volodymyr Zelensky's 10-point proposals for a lasting and just peace in Ukraine, nearly two years on from Russia's full-scale invasion.

The talks were co-chaired by Ukrainian presidential aide Andriy Yermak, who heads Zelensky's office, and Swiss Foreign Minister Ignazio Cassis.

"The purpose is to prepare so that we are ready and ripe to launch a process with Russia -- when the time comes," Cassis told a press conference.

He said the talks had to find a way to include Russia at some point, but thus far, neither Kyiv nor Moscow was ready to take such a step.

The meeting was being held in the luxury ski resort of Davos in eastern Switzerland, on the eve of the five-day World Economic Forum summit of the globe's business and political elite.

Cassis said that rather than groups such as the G7, the G20

or the European Union coming up with their own positions, or working through the "too polarised" UN Security Council, "here we try to speak together" and find common language.

Brazil, India and South Africa participated in the talks -- countries that sit alongside Russia in the BRICS group.

Cassis said their involvement was highly important as they were still in dialogue with Moscow and therefore retained a certain degree of trust.

He said that getting collective momentum across a wide range of countries beyond simply those in the West made it more likely that a conflict exit route could be found.

New volcanic eruption threatens Icelandic fishing village

AFP | Reykjavik, Iceland

A new volcanic eruption sent flames, smoke and lava spewing out near the Icelandic fishing port of Grindavik yesterday, only hours after villagers were evacuated to safety, authorities said.

It was the North Atlantic nation's fifth volcanic eruption in under three years.

The most recent occurred just weeks ago on December 18 in the same region, southwest of the capital Reykjavik.

The eruption began at 8:00 am (0800 GMT) on Sunday, the Meteorological Office (MO) said.

Jets of glowing orange lava flowed out and a huge smoke

Billowing smoke and flowing lava are seen during a volcanic eruption on the outskirts of the evacuated town of Grindavik, western Iceland

cloud rose against the sky at sunrise. "A crack has opened up on both sides of the dykes that have begun to be built north of Grindavik," the Met Office wrote.

"From measurements from the Icelandic coastguard helicopter, the (lava's) perimeter is now about 450 metres (yards) from the northernmost houses in the town," it said.

Seismic activity had intensified overnight and the few dozen remaining residents of Grindavik were evacuated around 3:00 am, public broadcaster RUV reported.

"The town had already been successfully evacuated in the night and no lives are in danger," said President Guoni Johannes-

son on X, formerly Twitter. "Infrastructure may be under threat," he wrote, adding that airline flights had not been affected.

Most of the 4,000-strong population of Grindavik had moved out as a precaution on November 11 after scientists said a tunnel of magma was shifting beneath them. A series of small earthquakes -- sometimes hundreds per day -- created large cracks in roads, homes and buildings.

Shortly after the December 18 eruption, residents were allowed to return for brief periods.

They were authorised to regain their homes permanently on December 23 but only a few dozen chose to do so.

Five die trying to cross Channel to UK in freezing cold

AFP | Calais, France

Five migrants died and a sixth was in critical condition yesterday after trying to reach Britain from northern France in freezing temperatures, the French maritime authority said.

More than 30 people were rescued, the maritime prefecture said in a statement.

The fatalities were the first reported migrant deaths on the Channel in 2024.

Authorities said four migrants died overnight, while a fifth body was found later on the beach.

The group was attempting to reach a vessel off the resort town of Wimereux when their small boat got into difficulty around two am (0100 GMT), the maritime prefecture said.

The crew of a French tow vessel, the Abeille Normandie, went to the rescue and spotted "unconscious and lifeless people" in the water, an offi-

Maldives tells India to withdraw troops by March as row deepens

AFP | Malé, Maldives

The Maldivian president told India yesterday to withdraw its nearly 100 troops by March 15, a day after returning from China where he signed a raft of deals.

The March deadline was set during talks with Indian officials in the Maldives on Sunday, a top aide to President Mohamed Muizzu said, honouring the leader's long-standing election pledge.

"The president put forth this request at the meeting of the high-level committee between the two nations... the proposal is currently under consideration," Muizzu's Public Policy Secretary Abdulla Nazim Ibrahim told reporters.

India has a deployment of

about 89 personnel, including medical staff, to operate three aircraft to patrol the archipelago's vast maritime territory.

Muizzu came to power in September after pledging to evict Indian forces.

Muizzu said the Maldives will also slash reliance on India for healthcare and medicine, adding more countries where citizens needing government-paid health treatment abroad can go.

Most eligible citizens currently get treatment in India, as well as small numbers in Sri Lanka and Thailand, officials said.

Most pharmaceuticals in the Maldives are currently imported from India, and Male will now seek to import medicines from the United States and European nations, he said.

North Korean foreign minister to visit Russia

AFP | Seoul, South Korea

North Korea's foreign minister will visit Russia this coming week, state media reported Sunday, with Washington leading a chorus of global condemnation over Pyongyang's alleged transfers of weapons to Moscow for use in Ukraine. Traditional allies, Russia and North Korea have recently boosted ties

anew, with Pyongyang's leader Kim Jong Un making a rare overseas trip to see President Vladimir Putin in Russia's far east in September.

Top Russian officials, including Moscow's defence and foreign ministers, also visited North Korea last year, with the flurry of trips both ways fanning concern among Kyiv's allies over the possibility of a potential arms deal.

Combating Terrorism

DR. ABDELGADIR WARSAMA GHALIB

AWARSAMA@WARSAMALC.COM

Terrorism causes real threat to the world, particularly in certain areas due to many reasons related to that particular place. In fact, there are steps taken worldwide, by all countries and at the individual country level, to eradicate and combat terrorism.

One of the most effective and important initiative to face terrorism was taken by FATF, wherein they had issued certain recommendations for implementation towards terrorism financing. Such recommendations aim to face and combat terrorism through stopping all financial sources that feed terrorism. No financial sources to terrorism will dry and kill terrorism activities.

The most important recommendation herein, ask all countries to take positive steps for ratification and implementation of UN instruments adopted to stop terrorism financing. The UN, has always been very keen to ask members to stop solidly against terrorism and to have peace for all in our world. To achieve this recommendation, countries shall issue legislations criminalizing all steps that lead to all financing of terrorism.

Such legislations, shall include clear provisions and instructions for freezing and confiscating terrorist assets. This shall include all assets belonging to terrorists and used in the terrorists' acts. Also, the legislations, shall include provisions and procedures for reporting suspicious transactions related to terrorism. All entities and individuals are required to be very vigilant, alerted to take actions against terrorism to protect themselves and others, otherwise, all will be seriously affected and could lose their lives and the lives of their lovable. Any report to any suspicious act, could help in eradicating terrorism ghost.

The FATF recommendations towards stopping terrorism financing, call for the need for international co-operation. This is required, due to the fact that terrorism is an international crime that could reach any place in the world. Clear positive acts by all and everyone is highly required, as all are concerned and could be affected.

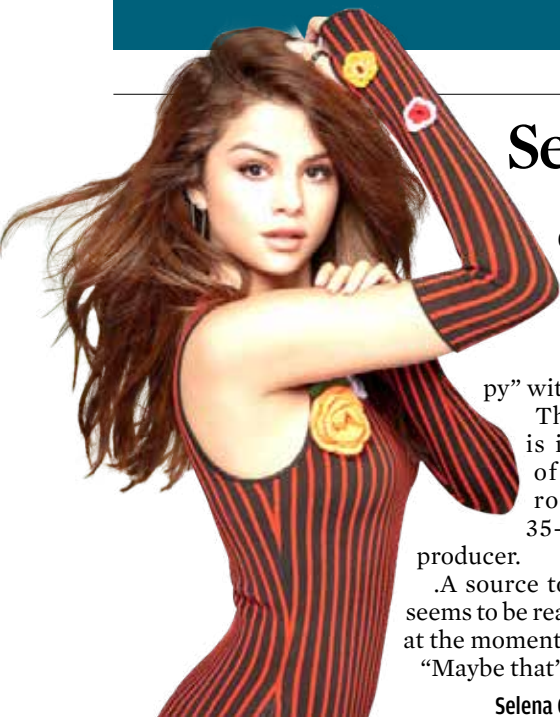

In controlling terrorism financing, it would be better to think out of the box. As, almost, most of terrorism financing is taking place through banks and financial institutions and due to restrictive measures adopted in such institutions, there is need to regulate other alternative remittance mechanism. This could include, what is known as "Huwala" wherein certain individuals opt to send money through hand delivery due to many reasons including non-availability of banks or money changers. Regulating such transfer methods is needed as they could be a good alternative for financing terrorism. Countries are required to issue regulations to regulate "Huwala" and other similar alternative remittance methods. Above, among others, are recommendations to control money used needed for terrorism. Vigilance and adoption of corrective measures by all is a must, otherwise, we will face many dangers from terrorists.

Kaley Cuoco calls out mom-shamers as she admits baby daughter watched Succession

Celebretainment | Los Angeles

Kaley Cuoco let her nine-month-old daughter watch 'Succession'.

The 'Based On A True Story' star, 38, has nine-month-old Matilda with her actor partner Tom Pelphrey, 41, and she has admitted she is not against her little girl having screentime, be it TV or an iPad, and has called on people to stop being so judgemental after a conversation with another mom on a flight.

Revealing she and her little one watched the finale of the hit satirical comedy-drama, which has some colourful language use, she told Jimmy Kimmel on Monday's (09.01.24) 'Jimmy Kimmel Live!': "I knew our flight was coming up. I was like, "Oh, my god. How are you going to do this?" ...I said, "Are you going to watch some TV, put some TV on for the kid?" She was like, "Oh, no. We don't allow TV yet for our kid." And I was thinking, Matilda just watched the first season of Succession last week.

"I was like, okay, so are we not supposed to do that? I don't understand. I'm like not kidding. We watched the finale. She's like, oh my god."

Matilda was "really shocked" by the ending of the programme and burst into tears.

Kaley continued: "I told her the show was over, she cried.

"I think I'm doing everything the opposite than people are doing."

Jimmy reassured her that he was brought up on television.

He noted: "Now I think television is books, and iPads are television."

Kaley agreed. He then quipped: "Like, if you can keep them off the iPad, yeah, put her in front of the television, no problem at all."

The 'Big Bang Theory' star then admitted: "Oh, she loves her iPad, too."

He asked: "Oh, she's got an iPad?"

Kaley replied: 'Oh, she's watching everything. I have no shame. As long as she's not crying."

Jimmy then asked how the tot can work the iPad and Kaley revealed: "She is getting really good. It's scary. She can move. The hands move."

Kaley called out the mom-shamers and insisted a little 'Succession' for her baby is no harm.

She added: "One or the other, we'll see. A lot of judgment. Stop judging the moms out there. Come on, guys. Let them watch Succession."

Under-par Djokovic takes first step towards Grand Slam history

Serbia's Novak Djokovic hits a return against Croatia's Dino Prizmic

● **'Incredible' teen qualifier takes set off Djokovic at Australian Open thriller**

AFP | Melbourne

Novak Djokovic survived a fierce test against teenager Dino Prizmic at the Australian Open yesterday as he launched his bid for a historic 25th Grand Slam, but defending women's champion Aryna Sabalenka destroyed her opponent 6-0, 6-1.

World number one Djokovic, who is gunning for an 11th Australian Open title to pull clear of Margaret Court on the all-time list of majors, won 6-2, 6-7 (5/7), 6-3, 6-4.

The Serbian, with 24 Slams under his belt, is already the most decorated player in the men's game -- two clear of the injured Rafael Nadal and four ahead of the retired Roger

Federer.

The 36-year-old -- now boasting a 29-match winning run in Melbourne -- was expected to breeze through against Croatia's Prizmic, who is half his age.

But after coasting to the first set he was given a searching examination by the youngster, who levelled the match in a tie-break.

The Croatian qualifier threatened to pull away in the third set but the veteran rallied from 3-2 down, reeling off the next eight games to seize control and he was able to snuff out another late fightback.

"He deserved every applause, every credit that he got tonight," Djokovic after Prizmic left the court to a standing ovation from the Melbourne crowd.

"He's an amazing player, so mature for his age and he handled himself on the court incredibly well. This is his moment, honestly. It could easily have been his match as well."

Loeb closes the gap

BRX star turns the heat on with superb stage victory as rally enters second week

● **Sebastien Loeb, Fabian Lurquin in BRX Prodrive Hunter slash 10 minutes 31 seconds off overall leader Carlos Sainz**

TDT | Manama

The Dakar Rally looks to be on course for an intriguing fight to the finish after Sebastien Loeb began the second week of the event yesterday by securing another superb stage victory for Bahrain Raid Xtreme (BRX).

With a dominant drive on the 483km stage from Riyadh to Al Duwadimi, Loeb and Fabian Lurquin in the BRX Prodrive Hunter slashed 10 mins 31 secs off the overall lead held by Carlos Sainz in an Audi.

Loeb's second successive stage win, and his third overall, underlined the intentions of the nine-time World Rally Champion, who set a record six best times in a row in Saudi Arabia last year to record consecutive runner-up finishes.

If he is to follow up with a first outright Dakar victory, both for BRX and himself, he must still wipe out an overall advantage of 19 mins held by Sainz across the five stages leading to Friday's

Sebastien Loeb powering his Bahrain Raid Xtreme Prodrive Hunter

finish in Yanbu.

Loeb's win yesterday came despite him opening the stage after the Riyadh rest day. While he held back initially as American Seth Quintero set the pace, Loeb was ahead just after the halfway point, and pulled away to take the stage by more than seven minutes from Brazil's Lucas Moraes.

Loeb said yesterday after the completion of the stage: "That was a really good day today that came out well for us. It was not easy though as it was diffi-

cult with the navigation and a bit complicated with a bit of everything; some canyons, some dunes, tracks and so on but we stayed concentrated on the road book.

"We did make a couple of mistakes here and there with direction but overall we were able to correct all those mistakes very quickly to enable us to push. A good day."

Sainz will now feel the heat from the Frenchman in the BRX Prodrive Hunter. Loeb replaced the Spaniard's Audi team-mate,

We did make a couple of mistakes here and there with direction but overall we were able to correct all those mistakes very quickly to enable us to push. A good day

SEBASTIEN LOEB

Mattias Ekström, as his closest challenger when the Swede plunged from contention with mechanical problems after just 47km.

After a well-earned day off following the gruelling 48-hour Chrono stage, the drivers faced another big test yesterday. Apart from the stage itself, which included 47km of dunes, and the rest mostly made up of dry river beds and off piste, the crews covered 873km of road sections.

Loeb was clearly focused at the wheel of the BRX Prodrive Hunter, as he recorded his 26th Dakar stage victory overall, leaving him just three behind the great Jacky Ickx.

The Dakar rests at the Al Duwadimi bivouac tonight where the rally last visited at the end of stage two before setting off today on a 458km stage to H'ail.

Bahrain1 double yet again

Khalil Al Ansaari, Rashid Al Balooshi triumph in round two of 2023/2024 Bahrain Drag Racing Championship at BIC

● **Khalil Al Ansaari wins in Pro Mod class, Rashid Al Balooshi takes Competition 4.5 category**

● **Four Bahraini competitors win: Ahmed Hasan, Hussain Abduljalil, Zakaria Al Kuwari, Yousif Ahmed**

TDI | Manama

Bahrain1 Racing secured a sensational double in the second round of the 2023/2024 Bahrain Drag Racing Championship (BDRC), held over the weekend at Bahrain International Circuit (BIC) in Sakhir.

The Bahrain1 pair of Khalil Al Ansaari and Rashid Al Balooshi captured first place in the Pro Mod and Competition 4.5 categories, respectively, to headline an action-packed meeting at the world-class quarter-mile strip of "The Home of Motorsport in the Middle East".

Both Al Ansaari and Rashid triumphed following all-Bahrain1 final runs. Al Ansaari defeated Bahrain1 teammate Khaled Al Balooshi in their decisive Pro Mod elimination. Bahrain's Saad Al Murran came third in class. Rashid took his victory after outgunning teammate Saeed Al Balooshi in the Competition 4.5 final. Jan Christensen from Canada came third.

With those results, Bahrain1, owned by His Majesty the King's Personal Representative His Highness Shaikh Abdulla bin Hamad Al Khalifa, continued their impressive start to the BDRC season at BIC.

It was the second consecutive round in which Bahrain1 drivers won in the Pro Mod and Competition 4.5 classes. Canadians Justin Bond and Jordan Lazic had earlier secured those victories in the championship-opener held last month.

Meanwhile, four Bahraini competitors climbed to the top of the podium in their categories. They included Ahmed Hasan in the 10.0 Index class, Hussain Abduljalil in the 8.5 Index,

Zakaria Al Kuwari in the Outlaw 4-Cylinder, and Yousif Ahmed in the Street Fight Bikes 9.5.

All-Bahraini podium

Hasan claimed his 10.0 Index victory after defeating Hisham Al Awadhi in the final. Mubarak Al Doseri came third to complete an all-Bahraini podium. Abduljalil followed suit in the 8.5 Index, where he beat countryman Yousif Al Khamiri in the final, with Khalid Abdulkarim, also from Bahrain, taking third place.

For Al Kuwari, he won against Jassam Salah in their Outlaw 4-Cylinder final, with Ahmed Haider finishing third for another all-Bahrain podium. Ahmed

won in Street Fight Bikes 9.5 class against Mohamed Albanksi, with Ragheb Mohamed taking third. All three riders were from Bahrain.

Kuwait had five participants take first place in this round. Fahad Khwari won against compatriot Mohammad Zaman in the 9.0 Index class, with Mohamed Idris of the UAE taking third. Abdulrahman Bo Alwa powered to the win in the 7.5 Index category against Jaber Ahmed, with

The Camaro of Canadian Jan Christensen competing in the Competition 4.5 class

Abdulla Al Hatem placing third for an all-Kuwaiti podium.

Yousef Marafi won the Outlaw 6-Cylinder category against fellow-Kuwaiti Jassem Zaman. Hussain Ashkanani defeated Bahrain's Yousif Ahmed to take the 8.5 Index Bikes class with Bahraini Sayed Yousif Faisal in third; and Kuwait's Fahad Al Harbi beat Saudi Arabia's Khalid Al Dosseri to win the Pro Street Bikes category, with Hamad Al Ahmed of Bahrain completing the top three.

Elsewhere in the meeting, Yousif Al Ali of the UAE won the Pro 29.5 V8 category after defeating Bahraini Mohamed Al Merbati in their final run, while Mohammed Al Kaabi of the UAE finished in third place. Khalid Al Dosseri of Saudi claimed the

Outlaw Bikes win, powering past Mohammed Al Awwad of Kuwait in their final, while Nawaf Abdulla Al Dosseri of Saudi completed the podium-placers.

The BDRC is a National Hot Rod Association (NHRA)-sanctioned event, organised by BIC in cooperation with the Bahrain Motor Federation, the Bahrain Drag Racing Commission and the Bahrain Motorcycle Commission.

The 2023/2024 calendar features five rounds in all and it continues until March of next year. Round three is scheduled for 30 January to 2 February, to be followed by round four the very next week from 6 to 9 February. The championship finale will then take place 19 to 22 March.

Najjar, Tariq clinch back-to-back wins

● **Khalid Najjar triumphs in Junior MAX in season's second and third rounds, Tariq Soofi wins in Micro MAX**

● **Nasser Nass, Leopold Juch triumph in Mini MAX; Mohammed Alhassan, Rashid Khalifa share Senior MAX spoils**

TDI | Manama

Khalid Najjar and Tariq Soofi each claimed back-to-back victories over the weekend in rounds two and three of the 2023/2024 Bahrain Rotax MAX Challenge (BRMC), held at Bahrain International Karting Circuit (BIKC) in Sakhir.

Najjar stepped atop the podium of the Junior MAX class in both meetings, while Tariq enjoyed his double success in the Micro MAX category.

Other winners in the second round were Nasser Nass in the Mini MAX class and Mohammed Alhassan in the Senior MAX, while Leopold Juch took the Mini MAX win in round three with Rashid Khalifa securing the Senior MAX victory.

The BRMC is the Kingdom's leading national karting championship, organised and run by Bahrain International Circuit and BIKC in cooperation with the Bahrain Motor Federation and the Bahrain Karting Commission.

Participants of various ages and nationalities compete in their very own Rotax-powered karts in the championship's various classes, heating up the tarmac along BIKC's 1.414-kilometre CIK-

FIA track.

Khalid Najjar had a perfect weekend competing in the BRMC's Junior MAX division. He set the pace from start to finish in both meetings, putting on a fantastic display of his prowess. After topping the second round's qualifying practice timesheet, Najjar went on to win the pre-final by a convincing margin, and then secured a pole-to-flag victory in the 15-lap final with a time of 13 minutes 52.578 seconds. Najjar cruised unopposed to the chequered flag, finishing 8.514 seconds ahead of runner-up Shaheen Shaheen, while Zayd Alzain came third 19.607s back.

In the third round, Najjar picked up from where he left off, once again taking the Junior MAX final but with an even bigger gap of 11.001s, completing the sprint in 13:45.517. Shaheen was again in second place, while Rashid Hilal rounded off the podium 11.078s from Najjar.

Just like Najjar, Tariq Soofi had a flawless weekend, leading the Micro MAX category in every session of both rounds. Tariq kicked off the season's second meeting taking pole in qualifying practice, and then winning the pre-final ahead of Austin Gray. In the final, Tariq

coasted to an outright victory, completing the nine-lap race in 9:22.613. He finished more than nine seconds ahead of Austin, while Rayyan Najjar came third just under 14 seconds behind.

In the third round, Tariq maintained his fine form all the way to the final, which he won with a closer gap of nearly two seconds from Rayyan. Austin was also not far behind to take third place.

Pace-setter

In the Mini MAX class, Leopold Juch was the early pace-setter, topping qualifying practice ahead of Demir Albali. But Nasser Nass responded well and took the win in the pre-final. He then rode his momentum into the final, claiming the chequered flag in 8:51.689 after nine laps. Demir followed 2.481s behind, while Shaikh Ahmed bin Saqr Al Khalifa joined them on the podium 2.857s back.

In round three, Leopold beat out Nasser to Mini MAX pole before taking the pre-final ahead of Shaikh Ahmed. Leopold completed his impressive run in the meeting, powering to the win in the nine-lap final in a time of 8:46.192 while never giving up his position in front. Ronaldo Koen came second with a 4.544s margin,

while Demir claimed his double podium for the round in third 5.211s adrift.

In the Senior MAX class, Mohammed Alhassan made his presence felt early in the second round and captured pole in qualifying practice, but then Vedant Menon won the pre-final with Alhassan finishing third.

In the 15-lap final, Alhassan bounced back, starting from the second row to triumph in a total time of 13:31.290. Tye Mejia was the runner-up 1.210s behind, and Rashid Khalifa took third 7.073s back.

Khalifa had a superb drive, going from 17th at the start to finishing fifth on the road before being promoted to the podium after a penalty and disqualification to the karters ahead of him. Menon, on the other hand, had a rough start and dropped all the way to the very end of the 19-kart field, but then he also made a fantastic comeback and gained 13 places to finish sixth on the road, before being promoted to fifth on the final classification.

In the third round, Khalifa led the way in qualifying practice but Gracie Grantham triumphed in the pre-final ahead of Wian Boshoff. In the final, Khalifa and Boshoff were engaged in a tight head-to-head battle over the race's final five laps. Boshoff had originally gotten the better of Khalifa at the finish, but he was later given a 10-second penalty by the stewards, handing the win to his rival.

Khalifa was classified first in 13:39.905 after 15 laps. Mejia put in a strong showing to finish second a narrow 0.295s behind after starting 13th, while Musaad Albassam came third 2.133s from Khalifa.

The 2023/2024 BRMC calendar features eight rounds in all. The series returns for round four on 26 January.

Celtics rout Rockets in Udoka's NBA return to Boston

Jaylen Brown in action

AFP | Los Angeles

Jaylen Brown scored 32 points and Jayson Tatum added 27 as the Boston Celtics remained unbeaten at home, defeating Houston 145-113 on Saturday in former Celtics coach Ime Udoka's return to Boston.

The Celtics improved to an NBA-best 30-9 overall and 19-0 at home, the league's only undefeated club at home stretching its team-record home win streak to start a season.

Brown, who scored 21 points in the third quarter when the Celtics pulled away to stay, hit 11-of-15 shots from the floor, 4-of-6 from 3-point range, and added six rebounds, two assists, two steals and two blocked shots.

"Being aggressive. A lot of times defense gets you going," Brown said of his third-period success. "I get it on the run and when we play like that in transition we're tough to beat."

'Deliver a great performance': Pizzi

Bahrain face mammoth task against continental giants South Korea in their opening game of AFC Asian Cup

Bahrain players and officials at their final training session yesterday

● **Bahrain head coach calls on national team to give maximum effort**

TDI | Manama

Bahrain must rise to the challenge and "deliver a great performance" today when they face continental giants South Korea in their opening match of the AFC Asian Cup. This was highlighted yesterday by head coach Juan Antonio Pizzi, who was speaking ahead of the national team's Group E clash against their heavily favoured opponents.

"We know they have elite play-

ers," Pizzi was quoted as saying yesterday in his pre-match Press conference. "In order for us to be able to compete, we need every player to give 100 per cent.

"We cannot rely on one or two players; we need all 11 to deliver a great performance."

Today's game is scheduled for a 2.30pm kick-off, Bahrain time, at Jassim bin Hamad Stadium in the Qatari city of Al Rayyan.

Pizzi said that Bahrain have been gearing up intensively for the competition, and are now set for likely their biggest test of the group stage against a star-studded South Korean side that features Tottenham Hotspur's Son Heung-min, Wolverhampton Wanderers' Hwang Hee-chan, and Bayern Munich's Kim Min-jae.

"Our preparation period has been quite short but thankfully, the players have been implementing my instructions and ideas well," Pizzi said. "We know

that we need to give more but we will stay the course and focus on the objective we set when I took over.

"Of course we are very optimistic, we know that we have three tough matches ahead of us. Korea have great players but we'll try to mitigate them and hopefully we'll get a good result."

Pizzi is appearing in the AFC Asian Cup for the second successive edition. He was at the helm of Saudi Arabia in the 2019 tournament, when they exited in the round of 16 after losing to Japan 0-1. Bahrain were also eliminated from the competition at that stage, and it was the South Koreans who bottled them out with a narrow 2-1 victory in extra-time.

Ambitions

Pizzi said: "We have the same optimism and the same ambitions and we want to take it step

by step to realise our ambition. Right now our objective is to qualify for the Round of 16."

The Bahrainis played two friendly matches earlier this month as part of their final lead-up to the AFC Asian Cup, but lost both their games to Australia and Angola and were unable to find the net both times. Pizzi remained upbeat, however, that the goals will come.

"Goals are always scored as a result of good performance," he said. "We have individual skills, we have a strong midfield, and

Star midfielder Mohammed Marhoon controls the ball during practice

we will try to use our link up play to good effect."

Meanwhile, South Korea's head coach, 1990 FIFA World Cup winner Jurgen Klinsmann, said that they are not taking anything easy, despite being the Group E favourites, and added that his players are completely focused on today's contest.

"Every game will be a nail-biter," said the German. "Every team here is strong and we will not underestimate any opponent and think about the future.

"We are only thinking about the next game which is Bahrain. This is our message to the team, to be only focused on the next step. We expect a difficult game but we want to do well and we want to stay here until the very end."

Bahrain completed their preparations yesterday with a training session attended by Bahrain Football Association vice-president His Highness Shaikh Khalifa bin Ali bin Isa

Al Khalifa.

Pizzi has 26 players on the national team roster in Doha. They include goalkeepers Sayed Mohammed Jaafar, Ebrahim Luthfallah and Abdulkarim Al Fardan; defenders Amine Benadi, Sayed Mahdi Baqer, Waleed Al Hayyam, Salem Hussain, Mohammed Adel, Hussain Al Aker and Abdulla Al Khalasi; midfielders Hazza Ali, Mohammed Abdulwahab, Moses Atede, Mohammed Hardan, Ebrahim Alwali, Mohammed Abdulqayoom, Jassim Al Shaikh, Jassim Khelaif, Mohammed Marhoon, Komail Al Aswad and Ebrahim Al Khattal; and forwards Ali Hassan Saeed, Ali Madan, Mahdi Humaidan, Abdulla Al Hashash and Abdulla Yusuf.

Bahrain are making their seventh appearance in the AFC Asian Cup, having qualified for the competition's sixth straight edition. Their best finish to date was fourth overall in the 2004 tournament held in China.

South Korea, Qatar victorious in Asian handball

● **South Korea, Qatar, Kuwait and Iran secure places in main round**

● **Bahrain face off with UAE at 7pm tonight for Group D supremacy**

TDI | Manama

Top title contenders South Korea and Qatar were both victorious yesterday in their second games of the preliminary round in the 21st Asian Men's Handball Championship, currently being hosted by Bahrain. The South Koreans coasted to a 42-13 rout of New Zealand in their Group B clash, while Qatar ousted Gulf rivals Oman 28-18 in Group A. Both winners captured back-to-back wins in their pools to remain undefeated and secure their places in the main round.

Also triumphant yesterday were Kuwait and Iran, and they too booked their spots in the ensuing phase. Kuwait beat Chinese Taipei 31-27 in Group A while Iran edged past China 24-22 in Group B.

In South Korea's big win yesterday, they built a commanding 20-6 lead at the end of the

In Qatar's victory, they were up 15-7 at the break and did well to close out the contest over the final 30-minute period. Goalkeeper Anadin Suljakovic was

selected as their top performer.

For Kuwait, they held a narrow 16-13 advantage after the first stanza and were able to hold on to their lead in the second half for their second straight victory. Abdulaziz Althafiri was adjudged as the Best Player of the Game for the Kuwaitis.

In Iran's win, they led 15-10 heading into the interval, and

Tournament action continues today with the final day of the preliminary round in Groups C and D. Both sides have already secured their places in the main round, with pool supremacy up for grabs in this fixture. Kazakhstan and Hong Kong face off at 3pm in the other divisional tie.

Meanwhile, two crucial matches are set for Group C, where Iraq, Japan and Saudi Arabia are all still with a chance of making it to the main round.

Following Iraq's 28-all tie with the Japanese in their previous game, they face a tough test against Saudi at 5pm. Japan, on the other hand, are favourites when they take on winless India at 1pm.
