# Fed's Kaplan watching Delta variant, says he may need to adjust view

Kaplan is the most forceful supporters for starting to reduce support for the economy

#### Reuters

allas Federal Reserve President Robert Kaplan, among the US central bank's most forceful supporters for starting to reduce support for the economy, said yesterday he may need to adjust that view if the Delta variant of the coronavirus slows economic growth materially.

GDP growth for this year, with unemployment falling to around 4.5% by the end of 2021, a view he's had for many months now.

Inflation as measured by a key Fed gauge, the personal consumption expenditures index, will likely be around 3.8% at year's but ease next year to about 2.5%, still above the Fed's 2% target, he said.

If the economy plays out as he expects, he said, he'd still support announcing a reduction in the Fed's \$120 billion in monthly asset purchases next month, and begin actually doing so in October.

The caveat, he said, is the highly contagious Delta variant. It's "a good thing" there's still a month to watch it before the Fed's next policy-setting meeting, he said.

## T-Mobile breach hits 53 million customers as probe finds wider impact

Reuters

T-Mobile US Inc said yesterday an ongoing investigation into a data breach revealed that hackers accessed personal information of an additional 5.3 million customers, bringing the total number of people affected to more than 53 million.

carrier had earlier this week said that personal data of more than 40 m former and prolen along with data from 7.8 m existing T-Mobile wireless customers.

#### Canada's Big Five banks to require staff entering premises to be vaccinated

Reuters | Toronto

Canada's five biggest banks are mandating that employees working from their offices must be fully vaccinated against COVID-19 this fall, taking a firmer stance than some of their U.S. counterparts and some other Canadian companies.

Royal Bank of Canada (RBC), Toronto-Dominion Bank (TD), Bank of Nova Scotia (Scotiabank), Bank of Montreal (BMO) and Canadian Imperial Bank of Commerce (CIBC) will all require staff to show proof of vaccination to enter their premises, they said in internal memos seen by Reuters.

RBC, TD, BMO and CIBC require employees to be fully vaccinated by the end of October, the banks told employees on Thursday and Friday.

Scotiabank has not set a date yet, but it is "moving in the direction of making vaccinations mandatory' for all employees and contractors based in Canada later in the fall, according to an internal note sent to employees on Friday.

## Ever Given that blocked Suez in March, crosses the canal again
