However, they resumed relations last year under a surprise China-brokered deal.

"The Royal Saudi Naval Forces had recently concluded a joint naval exercise with the Iranian Naval Forces alongside other countries in the Sea of Oman," said Brigadier General Turki al-Malki.

**Veterinary pharmaceuticals decree**

TDT | Manama

The Minister of Municipalities and Agriculture has issued a new decree regulating the import, distribution, and use of veterinary pharmaceuticals in the poultry and food-producing animal sectors. The decree prohibits the import, distribution, and use of certain veterinary pharmaceuticals by entities involved in poultry and food-producing animal industries.

This ban specifically includes growth-promoting antibiotics and antibacterial agents. The use and distribution of

the specified veterinary pharmaceuticals will be subject to several restrictions and controls.

Crucially, the decree mandates that the dispensing of veterinary pharmaceuticals can only occur with a prescription issued by a licensed veterinarian in Bahrain.

The prescription must clearly state the veterinarian's name, address, signature, and the date of issuance.

Moreover, veterinary pharmacies are required to maintain a detailed register documenting the quantities of veterinary pharmaceuticals received and dispensed.

Bahrain's Credit Reset

New Proposal Could Erase Bad Credit History for Bahrain's Citizens and Residents

H Naser
TDT | Manama

Bahrain's entrepreneurs and business owners, who have struggled with the weight of adverse credit histories, may soon find relief thanks to a new parliamentary proposal.

In a move designed to boost financial freedom and fuel Bahrain's business environment, MP Mohammed Al Ma'arifi, backed by several other parliamentarians, has put forward a law that could change the way credit reports are managed in the Kingdom.

The proposal seeks to add a new clause to Article 68 (bis 3) of Law No. 64 of 2006, known as the Central Bank of Bahrain and Financial Institutions Law.

If passed, the law would allow individuals to remove information from their credit reports once they've settled their finan-

cial obligations.

The proposed new clause reads, "A customer may request the removal of any information from their credit report relating to credit obligations, provided they submit proof of fulfilment."

This legislative change is more than just a technical update, it could be a game changer for Bahrain's economy.

National income

The explanatory memorandum accompanying the proposal highlights that this amendment would pave the way for a more attractive business environment and aid in the diversification of national income.

Many individuals, who have shied away from launching new ventures due to the lingering shadow of past financial troubles, would now be able to move forward without fear that their history will block future oppor-

tunities.

MP Al Ma'arifi and his fellow proponents argue that this initiative could spark a significant shift in financial behaviour.

By enabling people to erase past financial mistakes from their records, the proposal encourages a debt-free lifestyle and fosters a healthier approach to managing credit.

Beyond the practical bene-

fits, the proposal also promises a psychological boost.

For those who have experienced financial hardship, the ability to clean their credit slate could restore confidence and provide the emotional relief

needed to rebuild their lives and businesses.

In a broader sense, the memorandum emphasizes the legislative body's duty to ensure that laws keep pace with societal changes.

Livelihoods

Bahrain's economic landscape has evolved, and so too must the laws that impact the livelihoods of its citizens and residents.

This proposal, if adopted, could represent a powerful step towards helping Bahrain's entrepreneurial spirit thrive once more, unburdened by the mistakes of the past.

As the proposal moves through the parliamentary process, there is hope that soon, bad credit histories could become a thing of the past, opening doors for a new era of financial freedom and opportunity in the Kingdom of Bahrain.

Expat held for stealing BD8,800 from car

TDT | Manama

A 35-year-old expat has been arrested for taking BD8,800 from a car left running in East Riffa, the Interior Ministry said yesterday.

Once the report came in, the Southern Governorate Police began their search, quickly finding and arresting the suspect.

It was also uncovered that he had taken number plates from other vehicles.

The case has been passed to the Public Prosecution, with a warning from the police urging people to lock their cars and not leave money or valuables inside.

Hajj campaign operator jailed but associates are acquitted

● One-year sentence

TDT | Manama

The Lower Criminal Court has issued a mixed verdict in the case of a Hajj campaign operator and two associates accused of distributing 12 forged Hajj permits.

While the campaign operator received a one-year prison sentence, his son and a staff member were acquitted of all charges.

The operator was also acquitted of the separate fraud charges. The son and staff member were immediately released, while the operator's release will depend on whether he chooses to appeal the sentence.

He was also given an option for a BD100 bail.

Despite the operator's conviction, the arguments presented by the defense team played a significant role in the outcome.

Shaikh Rashid bin Ahmed Al Khalifa argued that the court's jurisdiction was questionable, given that the permits were distributed and used in Saudi Arabia. A Saudi investigation resulted in the conviction of another individual.

Commercial discount licenses surge 20% in third quarter of 2024

TDT | Manama

The number of licenses issued for commercial discounts in the Kingdom soared by 20% in the third quarter of 2024, according to a report released by the Consumer Protection Directorate within the Ministry of Industry and Commerce.

The report shows a jump from 1,116 licenses in the same period of 2023 to 1,335 licenses this year.

This significant increase reflects a rise in commercial activity related to discounts and promotions, attracting consumers and boosting market activity.

The report, covering July to September 2024, also details other key performance indicators, including consumer complaints, promotional campaign licenses, and the number of licensed raffles.

A noteworthy finding is a 10% decrease in consumer complaints compared to the same period in 2023.

The report registered 1,901 complaints in 2024, down from

2,123 in 2023.

This drop suggests improved consumer satisfaction and more effective market oversight.

While discount licenses saw substantial growth, promotional campaign licenses experi-

enced a modest 2% increase, rising from 748 licenses in 2023 to 762 in 2024.

Conversely, the number of licensed raffles showed a slight 1% decrease, falling from 218 in 2023 to 215 in 2024.

TDT | Manama

Zallaq's roads are currently being dug up, resurfaced, and fitted with new streetlights, while sewage and stormwater systems are progressing steadily.

This is all part of a multi-million dinar drive to overhaul the Southern Governorate's infrastructure.

The Ministry of Works revealed the details during a Southern Municipal Council meeting yesterday, alongside updates on various other road projects aimed at easing traffic and improving safety in rapidly developing areas.

is finished, which includes the installation of streetlights, coordinated with the Electricity and Water Authority, as well as road signage to ensure safe passage.

However, the works in Zallaq are just one part of a much larger scheme.

The council meeting also presented an ambitious set of developments stretching across Madinat Khalifa, Riffa, and other southern locales.

The Ministry's focus isn't limited to road upgrades but also includes improvements to sewage systems, stormwater drainage, and lighting infrastructure.

concerns over the lack of clear details and questioned whether short-term measures would be

Zain's new #limitscreentime campaign addresses the impact of parents' excessive screen use

TDT | Manama

Zain Group, a leading provider of innovative technologies and digital lifestyle communications operating in eight markets across the Middle East and Africa, announces the launch of Phase 2 of its highly impactful 'Screen Time' campaign, #limitscreentime.

The latest three-video series that will be posted back-to-back on Zain's social media channels over the next three weeks, focuses attention on how parents' overuse of screens can lead to missing memorable moments with their children, as well as having a detrimental impact on the emotional development of children due to feelings of loneliness and neglect.

In today's digital age, screen time has become a major part of daily life, though this campaign emphasizes the cost of screen addiction on familial relationships and emotional health. By focusing on real-life scenarios, the campaign aims to provoke self-reflection among parents and inspire them to prioritize quality time with their children.

Phase 2 builds on Zain's previous screen time campaign earlier this year that focused on raising awareness on the effects on their child's well-being and upbringing given children's excessive screen usage.

"Zain continues to drive home the message that overuse of screens can have repercussions on both parents and children. As a leading

regional communications and digital services provider, it is our duty to be active in providing guidance on the responsible use of digital devices, so that users focus on the positive aspects of meaningful connectivity while prioritizing family and children's well-being."

"Less screen time for parents creates more opportunity for child-bonding and attention, setting a better example for children's own screen time."

This #limitscreentime campaign will consist of a series of emotionally engaging, short videos that depict various scenarios where children are left yearning for parental attention due to screen distraction, reminding parents to focus on their children.

Description of the #limitscreentime three videos:

1. Depicts a businessman completely engaged with his phone to the neglect of his son, keen to share details of his progress and performance at school.

2. The second reflects a birthday girl, sitting alone at a table with her mother paying little attention to her as she is absorbed on a video call.

3. The last scenario shows a dad who spends most of his time interacting with connected devices to the neglect of his ballerina daughter with him even missing a performance she has practiced hard for.

China should use fiscal policy to boost growth: IMF

Washington, United States

The Chinese government should use its tax-and-spend policies to help boost flagging economic growth, a senior IMF official told AFP ahead of key meetings this week in Washington.

The IMF has raised concern about the levels of global public debt, which it estimates will reach a record \$100 trillion this year, with debt expected to rise in both the United States and China, the world's two largest economies.

"China is in the process of a major transition," Vitor Gaspar, head of the IMF's department that advises governments on fiscal affairs, said in an interview from his IMF headquarters office close to the White House.

"Fiscal capacity can help China reach a different plateau in terms of its economic ambition, in terms of its economic prosperity," he said ahead of the

World Bank President Ajay Banga (R) speaks at the World Bank headquarters in Washington

Monday opening of the International Monetary Fund and the World Bank annual meetings.

Gaspar noted China's "very strong fiscal capacity to act."

The IMF estimates that Chi-

United States, which have rising levels of public debt while also being "safely away from debt distress," should move gradually but decisively to adjust fiscal policy to bring down their debt-to-GDP ratios, Gaspar said.

At the same time, China should also be looking to implement fiscal policies to help drive growth and reverse its expected economic slowdown.

"For a continental economy like China, the main driver of growth and development has to be domestic," he said, noting that if this issue was tackled it could help to rebalance the Chinese economy.

China should also be looking to tackle "financial misallocations" stemming primarily from the country's struggling real estate sector, and also to tackle some of the "vulnerabilities and financial weaknesses" at the sub-national level, he said.

China's economic growth will ease over the coming years, slowing from 5.2 percent in 2023 to 4.8 percent this year, and 4.5 percent in 2025.

Peter Dinklage 'threw up' on audience

Peter Dinklage
Bang Showbiz | Los Angeles

Peter Dinklage used to "throw up" on the audience when he was in a punk band.

The Game of Thrones actor was in a "punk-funk-rap group" called Whizzy in the 1990s and he joked seeing him in action was a "very visceral experience" because he had a "lot of fun" and gave his all to his performance.

Appearing on 'Hot Ones', he said: "Back in the day, I was like, 'I'm not gonna be an actor. I'm not gonna do any silly commercials or any of that, I'm gonna do plays downtown for no money in which I'm gonna throw up on the audience and I'm gonna be in a punk band.'"

"We were Beastie Boys rip-offs and yeah, we had fun. It was a lot of fun. And it was a couple years doing it, I got a cool scar on my temple. Head wounds bleed a lot. So I throw up on the audience, and I bleed on the audience. It's a very visceral experience if you wanna see me live."

The 55-year-old star eventually gave up music for acting but admitted he was "too angry for a long time" as he was so frustrated about the roles on offer for actors with dwarfism, but he ultimately built up a "really great" network.

Meanwhile, Jennifer previously admitted that she suffered self-doubts before giving birth to her baby boy.

The Hollywood star conceded that she didn't know what to expect from motherhood and how she would cope with the challenge.

She told Vogue magazine in 2022: "It's so scary to talk about motherhood. Only because it's so different for everybody."

"If I say, 'It was amazing from the start, some people will think, 'It wasn't amazing for me at first, and feel bad. Fortunately I have so many girlfriends who were honest. Halle Berry doesn't have 'luxury' of choosing Oscar buzz films 'as a Black woman'

Bang Showbiz | Los Angeles

Halle Berry has "never had the luxury" of only choosing "Oscar-worthy" projects.

The 'Monster's Ball' actress won her only Academy Award for her 'best actress' role in the 2001 romantic drama, while she has since taken on a range of characters and genres in movies like 'Die Another Day', 'John Wick', 'Gothika' and 'The Union'.

Asked about her willingness to branch out from stereotypical "Oscar buzz" films, she told The Hollywood Reporter: "Well, here's the truth of it. As a Black woman, I have never had the luxury of just

doing Oscar-worthy performances and movies.

"I don't even know what that is. My options at times are so limited, and that's the reality of it."

She pointed out that her Academy Award came over two decades ago, and described signing on for 'Monster's Ball' as a chance to take "risks and chances".

She added: "I won that Oscar 23 years ago now, and it was about working. It was about loving the craft. It was about growing and taking risks and chances."

Samuel L Jackson indulged in 'crazy' antics during his marriage

Bang Showbiz | Los Angeles

Samuel L Jackson has indulged in "crazy" antics during his marriage.

The 'Pulp Fiction' actor, 75, married his partner LaTanya Richardson Jackson 44 years ago in April after they first met at college and they have one daughter, Zoe, 42.

He opened up about the secret to their long-lasting relationship in an interview with AARP The Magazine, and explained they have had to overcome challenges including "s***" he has done he thinks was "crazy".

Samuel added when asked how he keeps his marriage alive: "A lot of tolerance, because everybody's got flaws, and not giving up when it would be easy to give up."

"I've done s*** in my marriage that's crazy, you know? She has, too, in her head, or whatever in reality, but you got to go, 'Is that a breakup offense? Or is it just that we need

to spend a little time together and get some understanding about it?"

Samuel added it was also vital to "ignore" irritating aspects to a partner, saying: "Or there are certain things that you learn to ignore about people - that she's learned to ignore about me."

He admitted his work ethic has caused problems in his marriage, saying: "I'm going to go to work all the time until, you know, it's time."

Paris Hilton will be 'super protective' if her children want showbiz careers

Bang Showbiz | Los Angeles

Paris Hilton will be "super protective" of her children if they decide to follow in her showbiz footsteps.

The 43-year-old DJ and socialite admits she worries about Phoenix, 19 months, and London, nine months, being in the spotlight, but she wouldn't hold them back if it's what they wanted.

Gushing over life as a mother of two, she told WHO magazine: "Every day is amazing. Just waking up and seeing my kids smile makes my life feel so complete. I just want to be with them every second."

Paris - who is married to 43-year-old businessman Carter Reum and had both her children via surrogate - says her experience of motherhood so far has been like a dream as

her son and daughter are "angels".

Asked what it's like having two children under the age of two, she said: "I'm lucky because they are both so good and so quiet. They are just the best. They don't cry. They sleep fine. They are just angels. I am totally 'sliving' being a mum!"

When asked if she worries about them being in the public eye, she replied: "I am, but I am going to protect them. I just want

them to be happy and, if they do grow up and want to be in this business, I'm still going to be super protective. And, of course, I am going to support anything that they want to do."

Mehidy, Jaker keep Bangladesh alive against South Africa

● Bangladesh gains 81-run lead, hopes for first Test win against South Africa

AFP | Mirpur

Half-centuries by Mehidy Hasan Miraz and Jaker Ali helped Bangladesh into an 81-run lead over South Africa before bad light brought an early finish to day three of the first Test yesterday.

The hosts were 283-7 in Mirpur when the umpires called stumps about an hour before the scheduled finish, with Mehidy on 87 and Nayeem Hasan on 16.

Bangladesh spin bowling coach Mushtaq Ahmed said he believed his side could still snatch its first ever Test win against the visitors.

Bangladesh's Mehidy Hasan Miraz plays a shot

"We have to bat as long as we can, score consistently, and get whatever lead we can," he said.

"When we can start believing, we can come back and we fight," he added. "When you don't give

up, the opposition also respects you."

Bangladesh has never won a Test match against South Africa, adding high stakes to the final days of play

South Africa only bowled five overs in the last session and fewer than 58 overs were played through the day after a rain interruption cut the second session short.

Mehidy and debutant Jaker added 138 runs for the seventh wicket to save Bangladesh from an innings defeat after they resumed at 101-3, chasing down South Africa's 202-run first-innings lead.

Vinicius hat-trick saves Real Madrid in Champions League, Villa go top

● Arsenal grind out win over Shakhtar in Champions League

AFP | Madrid

Real Madrid came from behind to beat Borussia Dortmund 5-2 in the Champions League on Tuesday with Vinicius Junior scoring a hat-trick, as Aston Villa maintained their 100 percent record to go top of the table.

Vinicius struck three times in the second half as Madrid bounced back from two goals down to inflict further anguish on Dortmund -- in the repeat of last season's final which Real won 2-0.

cession by Donyell Malen and Jamie Gittens had given Dortmund a two-goal lead at half-time.

The 15-times champions duly

struck back early in the second period via Antonio Rudiger and Vinicius, before Lucas Vazquez sent Real ahead and the Brazilian netted two more inside the

final 10 minutes.

Arsenal emerged 1-0 winners at home to Ukraine's Shakhtar Donetsk thanks to an own-goal from the visitors' goalkeeper.

Dmytro Riznyk could only grasp at thin air after Gabriel Martinelli had cut in from the left and smacked the ball against the near post before it rebounded back off the goalie and over the line.

Leandro Trossard missed a penalty near the end, but Arsenal had already done enough to secure their second win of the tournament.

Fellow Premier League side Aston Villa are enjoying an excellent return to European football's top table after 41 years as they won their third match in three Champions League outings this term with a 2-0 victory against Bologna.

The region's premier one-make racing championship is set to kick off its new season at Bahrain International Circuit (BIC), in support of the highly anticipated WEC 8 Hours of Bahrain, powered by Bapco Energies, taking place this 1 and 2 November.

The Porsche Carrera Cup Middle East (PCCME) will be adding to the thrills of the World Endurance Championship (WEC) weekend as the Spirit of Le Mans comes alive at 'The

Home of Motorsport in the Middle East' in Sakhir.

The PCCME's 2024/2025 campaign marks the 16th season of the Lechner Racing-organised series. It will feature six rounds - two of which are slated to be held at BIC, kicking off with the WEC event.

Launched in 2009, the PCCME is well-established as the proven path for regional talents to ac-

celerate their careers onto the biggest stages of racing, through intense competition. Over the years, the series has gained recognition as one of the most professional and successful series in the Middle East. It was upgraded to the PCCME in 2023 and is therefore one of 12 Carrera Cups in the world.

Operating out of BIC, the championship offers an ideal

platform for both local and international drivers, as well as professional racing teams, to showcase their talents at some of the most challenging and iconic circuits in global motorsport under ideal weather conditions.

Participants all compete in Porsche 911 GT3 Cup (Type 992) cars, ensuring a level playing field where skill and strategy are paramount. There are 3

main categories for the drivers, including the Pro, ProAm, and the newly introduced Masters category, which is purely for amateur participants aged over 40, along with a GCC and Rookie Classification for each race.

The PCCME's events at WEC weekend will include two free practice sessions held behind closed doors on 31 October. They will be followed by qualifying and a 12-lap first race on 1 November, and then the second 12-lap race on 2 November.

The PCCME will be back at BIC for the fifth round of its 2024-25 season, scheduled for 11 to 13 April next year in support of the Formula 1 Bahrain Grand Prix 2025.

Fans wishing to attend this year's WEC 8 Hours of Bahrain, powered by Bapco Energies, can purchase their grandstand tickets for the weekend at just BD5.5 for adults and BD2.75 for children for the two days. These are incredible rates offering great value for money to attend a world championship event.

Tickets can be bought online at bahraingp.com or by calling the

BIC Hotline on +973-17450000. Fans are urged to secure theirs as soon as possible so as not to miss out on the sporting and entertainment showcase.

All tickets sold will help make a positive environmental impact in the Kingdom, as BIC and Bapco Energies are bringing back their ground-breaking Green Ticket Initiative, which will greatly contribute to achieving the national target of quadrupling mangrove coverage across the Kingdom by 2035.
