France rally to back abortion

AFP | Paris

Hundreds of people rallied in defence of abortion rights yesterday in Paris and other cities in France - the first country to enshrine the right to abortion in its constitution.

Yesterday marked International Safe Abortion Day, with women's access to abortion remaining a precarious right globally, with numerous nations restricting or outlawing the procedure, while others ease access.

In March, French lawmakers voted to make terminating a pregnancy a "guaranteed freedom" in the constitution, a world first.

'Remain vigilant and united' amid regional tensions

Mohammed Darwish
TDT | Manama

The Minister of Interior, His Excellency Lt-General Shaikh Rashid bin Abdullah Al Khalifa, has urged Bahrainis to remain vigilant and united in response to escalating tensions in the region.

In a statement yesterday, he stressed the need for awareness, patriotism, and national cohesion, which he views as vital for navigating the current crisis.

"The dangerous escalation and widespread tensions in the region demand that we remain vigilant and committed to the inclusive national unity that has long defined Bahraini society,"

Lt-General Shaikh Rashid bin Abdullah stated.

The Minister pointed out that this unity has reinforced Bahrain's deeply rooted values and has been crucial in overcoming various challenges.

Security and public order

His Excellency highlighted the admirable qualities that emerge from the Bahraini citizen during difficult times, such as a sense of responsibility for maintaining security and public order.

"Citizens are genuine partners in their duties towards their homeland," he remarked, emphasising that unity and a collective sense of responsibility

The Minister further explained that this sense of loyalty is drawn from the nation's historical and cultural values, reflecting a profound attachment to Bahrain and respect for its leadership.

Additionally, His Excellency urged parents and those engaged in domestic affairs to recognise the seriousness of the current situation and to act responsibly in safeguarding the nation's security and social fabric.

Lt-General Shaikh Rashid bin Abdullah concluded with a call for divine protection for the kingdom and the region, emphasising the importance of collective responsibility in ensuring Bahrain's ongoing stability.

Six killed in chopper crash

AFP | Islamabad

A helicopter belonging to a Pakistan oil company crashed yesterday after suffering a technical fault during take off, killing six people, the Mari Petroleum Company (MPC) company said.

Fourteen people were on board including three Russian pilots and crew when it crashed in North Waziristan in Khyber Pakhtunkhwa, near to the border with Afghanistan.

The injured have been taken to a military hospital for treatment.

Protesters call for UK to rejoin European Union

AFP | London

Several hundred people rallied in central London yesterday to call for the UK to rejoin the European Union which it left in 2020.

Protesters carried placards reading "Brexit is a monumental disaster" and chanting "rejoin" as they marched past the prime minister's Downing Street residence to gather in Parliament Square.

"With the new Labour government there's maybe a chance to begin reversing this mistake," academic Saskia Huc-Hepher, 50, whose husband is French, told AFP.

MPs propose centralised centre to ensure 'transparency and integrity'

H Naser
TDT | Manama

The Parliament is preparing to discuss a proposal for the establishment of a National Centre for Oversight and Inspection during the upcoming session.

The proposal, submitted by MP Mohammed Al Rifaei, along with several other MPs, aims to have the government establish this new centralised body.

The explanatory memorandum accompanying the proposal highlights the need for a national centre to ensure transparency and integrity in oversight and inspection activities, protecting the rights of all parties involved.

A key argument for the center

"The proposed centre aims to improve the business environment, protect consumer and beneficiary rights, and mitigate the negative consequences of multiple oversight bodies."

ties, streamlining the oversight systems and instructions, ultimately improving the efficiency

and quality of oversight work. MP Al Rifaei emphasised that the proposed centre aims to improve the business environment, protect consumer and beneficiary rights, and mitigate the negative consequences of multiple oversight bodies.

Negative consequences

These negative consequences, he explained, include delays in issuing permits and disruptions to procedures. The centralisation of oversight functions is intended to address these issues.

The proposal is expected to generate significant debate in parliament, with its proponents arguing for increased efficiency and transparency in government operations.

Israeli strikes intensify

Over 50,000 flee Lebanon for safety in Syria

AFP | Geneva

The UN refugee chief said yesterday that more than 50,000 people had fled to Syria amid escalating Israeli air strikes on Lebanon.

"More than 50,000 Lebanese and Syrians living in Lebanon have now crossed into Syria fleeing Israeli air strikes," Filippo Grandi said on X.

He added that "well over 200,000 people are displaced inside Lebanon".

A UNHCR spokesman said the total number of displaced in Lebanon had reached 211,319, including 118,000 just since Israel dramatically ramped up its

air strikes on Monday.

The remainder had fled their

in Lebanon began low-intensity

cross-border attacks a day after

its Palestinian ally Hamas staged

its unprecedented attack on Israel on October 7, triggering war in the Gaza Strip.

Israel has shifted the focus of its operation from Gaza to Lebanon, where heavy bombing has killed more than 700 people, according to Lebanon's health ministry, as cross-border exchanges escalated over the past week.

Most of those Lebanese deaths came on Monday, the deadliest day of violence since Lebanon's 1975-1990 civil war.

"Relief operations are underway, including by UNHCR, to help all those in need, in coordination with both governments," Grandi said.

Embracing 'digital transformation'

TDT | Manama

H.E. Mr. Vinod K. Jacob, Ambassador of India to the Kingdom of Bahrain, was the Guest of Honor at the inauguration of the event titled, "Digital Transformation" organised by the Bahrain Chamber of Chartered Accountants of India (BCICAI) on 26 September 2024.

Speaking on the occasion, Ambassador Jacob recalled that Prime Minister Narendra Modi had outlined India's approach at the recent Summit of the Future at UN Headquarters in New York which also discussed the future of the Global Digital Compact.

Modi said that there is a need for balanced regulation for the safe and responsible use of technology.

The Prime Minister added, "We need global digital governance, which ensures that national sovereignty and integrity are upheld. Digital Public Infrastructure should be a bridge, not a barrier! For global good, India is ready to share its digital public infrastructure with the entire world."

Ambassador Jacob also said

"The Indian Embassy had encouraged and pursued digital services for the benefit of both Bahrainis and Indian nationals."

- H.E. MR. VINOD K. JACOB, AMBASSADOR OF INDIA TO THE KINGDOM OF BAHRAIN

that the Indian Embassy had also encouraged and pursued digital services for the benefit of both Bahrainis and Indian nationals.

He stated that the Embassy's revamped consular service appointment application 'EoIBh CONNECT', which had been functioning since March 2023, had facilitated a total of 70,398 appointments till date, thereby averaging 200 appointments per day.

In February 2024, a new digital fee collection kiosk at the Indian Embassy premises in Seef, which was a collaborative effort of ICICI Bank and Sadad,

had not only streamlined the fee collection process but also paved the way for a digital-centric approach towards all transactions.

Initiative

The third include initiatives like DEKHO APNA DESH and "Focus State/Union Territory" initiative, which facilitates public participation through digital platforms for promoting two-way tourism as well as promotion of "One District, One Product" campaign. The use of digital platforms serves to build bridges between the people of India and Bahrain.

Focus on financial sector and beyond

TDT | Manama

The Bahrain Chapter of the Institute of Chartered Accountants of India (BCICAI) hosted a conference of great significance focusing on Digital Transformation at Gulf Convention Centre, highlighting its profound impact on the financial sector and beyond.

The event was inaugurated by His Excellency Shaikh Ahmed bin Mohammed Al Khalifa, Auditor-General, National Audit Office, Kingdom of Bahrain, alongside H. E. Mr. Vinod K. Jacob, Ambassador of India to Bahrain, as Guest of Honour.

The conference was organized with key knowledge partners, including the Bahrain Internal Auditors Association (BIAA) and the Bahrain Local Chapter of the Association of Certified Fraud Examiners (ACFE).

With over 450 members, Bahrain Chapter of ICAI has become a crucial professional body in Bahrain, contributing to key decision-making across various industries and consulting organizations.

Emerging technologies

The agenda highlighted Bahrain's digital transformation journey, particularly focusing on how emerging technologies

are reshaping the financial landscape.

The panel, hosted by CA Vivek Gupta, Chairperson of Bahrain Chapter of ICAI, featured an engaging discussion with notable experts Mr. Fawaz Ghazal, CEO of FLOOSS Bahrain BSC (Closed), and Mr. Mahmood Jassim Shaker, Regional Director, Government and Public Sector, Gulf Region and Saudi Arabia, Dell Technologies, who provided valuable insights into the ongoing transformations within the industry.

A strategy sessions was conducted by CA Nishith Seth, Director of SSPL Middle East, and introductory session by Mr. Seby Cyriac, Director of Cube Innovators Technologies LLC. Key topics including Data Analytics, Open Banking and APIs, Cloud Banking, Sustainable Finance, and RegTech were

explored.

Economic landscape

Their discussions underscored the ultimate significance of digital strategies in not just transforming financial institutions, but also enhancing the broader economic landscape in Bahrain and the Gulf region.

The event was attended by more than 200+ professionals of various organisations. As Bahrain continues to embrace technological advancements, the insights shared at this conference promised to guide professionals in navigating the future of finance.

The Bahrain Chapter of ICAI remains committed to support their pursuit of excellence and adapting to the evolving demands of the industry, ensuring that they remain at the forefront of the digital revolution.

Countdown to power

Tight battle for leadership roles in Parliament's Financial and Economic Committee

H Naser
TDT | Manama

With the countdown to the third session of the Council of Representatives (2024-2025) beginning in about two weeks, intense competition is brewing for leadership positions within various parliamentary committees.

The spotlight is particularly focused on the Financial and Economic Affairs Committee, which is expected to be highly active during the upcoming session.

The committee will handle several crucial bills and projects, most notably the state's general budget, which will be debated between the legislative and executive branches.

Responsibility

The Financial Committee will be responsible for all related discussions within the Council.

Sources within the Council have confirmed that five out of the committee's eight members have expressed preliminary interest in vying for leadership positions – Chairman and Vice-Chairman – within the

Financial and Economic Affairs Committee.

According to these sources, a

new contender has entered the race for the chairmanship: MP Mohammed Al Maarefi.

Candidates

He will be competing against MP Mohammed Al Ahmed and MP Ahmed Al Saloum, the head of the Strategic Thinking Parliamentary Bloc. Both Al Ahmed and Al Saloum had previously held this position.

The sources also indicated that the current chairwoman, MP Zainab Abdulameer, has yet to declare her intentions regarding a re-election bid, although it's widely expected she won't seek a new term.

Her decision, or potential endorsement of another candidate, remains uncertain.

For the Vice-Chairman position, the sources revealed that the current Vice-Chairwoman, MP Eman Shuwaitar, and MP Mohammed Al Rifaei both intend to run.

Informal bloc

The sources further suggested that if MP Mohammed Al Ahmed secures the chairmanship, MP Mohammed Al Rifaei is likely to win the vice-chairmanship, as they reportedly form an informal bloc within the committee, along with other members.

However, if MP Ahmed Al Saloum or another candidate wins the chairmanship, the vice-chairmanship would go to a different MP.

Higher compensation joy for daughter's disability

TDT | Manama

A mother secured a significant legal victory after the Third High Court of Appeals increased her compensation from BD1,300 to BD2,000.

The compensation was awarded following a tragic traffic accident that left her daughter permanently disabled.

The court also determined that both the insurance company and the driver must cover legal fees and translation costs, affirming the family's right to compensation for the emotional turmoil inflicted by the incident.

Lawyer Zahra Naama, representing the victim's family, laid bare the harrowing circumstances surrounding the case.

The young woman suffered a permanent disability of 10% due to severe injuries to her left ankle and fractures in two bones of her heel, which required surgery. The driver was

found guilty in relation to the incident, leading the family to pursue legal action for both financial and moral redress.

Initially, the first-instance court ordered the insurance company and the driver to pay a total of BD5,300 to the plaintiffs, but it denied any compensation to the victim's mother.

Displeased with this outcome, the plaintiffs decided to appeal.

Naama has since called for a revision of the ruling, urging the court to compel the defendants to cover the victim's medical expenses resulting from the accident and to raise the compensation for each plaintiff to BD500, rather than the BD300 previously awarded by the first-instance court.

This case encapsulates the legal hurdles families face in their pursuit of justice, revealing the emotional and financial strains they must navigate in the aftermath of such life-changing events.

National Ambulance handles 160 daily emergency situations

Captain Saleh Al Faihani talks about the pressures and challenges his team faces

Mohammed Darwish
TDT | Manama

Every day, as sirens wail 160 times across Bahrain, paramedics leap into action, racing to save lives from the brink.

From battling life-threatening heart attacks to navigating the chaos of car crashes, the National Ambulance's 12 stations serve as a critical lifeline.

Yesterday, Captain Saleh Al Faihani opened a window into this high-stakes world on 'Amn FM,' revealing the intense pressures and unexpected challenges faced by his team.

The National Ambulance's crucial role was showcased on 'Amn FM,' a radio programme produced by the General Directorate of Media and Security Culture in collaboration with Bahrain Radio.

Realities

Captain Al Faihani, an officer from the operations room, took the opportunity to elaborate on the realities faced by his team.

“Paramedics receive extensive training to prepare them for the demanding nature of their work, equipping them to provide high-quality emergency care.”

- CAPTAIN SALEH AL FAIHANI, OFFICER FROM THE NATIONAL AMBULANCE'S OPERATIONS ROOM

He explained that the 12 ambulance centres are strategically placed throughout all governorates of the kingdom, their locations determined by thorough geographical studies and population data.

On average, these centres manage approximately 160 emergency calls each day.

Extensive training

He assured listeners that paramedics receive extensive training to prepare them for the demanding nature of their

work, equipping them to provide high-quality emergency care.

Captain Al Faihani went on to describe the swift response capabilities of the service.

Call handlers are trained to deal with a wide range of communications, including calls from individuals with special needs.

Translation support

They are proficient in several languages, such as English, Hindi, and Filipino, and when the situation calls for it, they collaborate with external agencies, including embassies, for translation support.

He urged drivers not to block emergency vehicles after they have passed, emphasising that quick movement is crucial for ensuring safety and preventing further accidents.

He also stressed the importance of adhering to the instructions given by call handlers, as these can be vital in stabilising patients and preserving lives.

Fishing for solutions

Barbar fishermen demand long-overdue port, propose urgent safety measures and clean-up

Mohammed Darwish
TDT | Manama

Fishermen in Barbar are facing theft and hazardous waterways, calling for urgent action to safeguard their livelihoods and ensure safe access to the sea.

"Every time I set out, I wonder if my boat will still be there when I return," said Jameel Shuaib, a fisherman who has incurred substantial losses due to stolen gear. "The sea is already risky enough without the added worry of thieves."

Local fishermen are demanding safety measures, citing frequent theft of boats and equipment alongside dangerous conditions in the local waterways.

They are urging the installation of security cameras to protect their assets and express frustration over ongoing neglect. Their requests include cleaning the marine channel and improving access roads to the pier.

They also insist that the government acquire land along the western coast near their jetty, which has remained uncleared despite years of appeals.

Primary source of income

Many residents of Barbar depend on fishing as their primary source of income.

Shuaib, representing the local committee, noted that requests for cleaning the marine channel have been ongoing for over a decade.

"We continue to receive assurances, but it is time to take action and stop delaying this project."

- MP DR MAHDI AL SHUWAIKH

Local fishermen in Barbar rely solely on fishing for their income

Originally dug by fishermen, the channel has become blocked with mud, making navigation nearly impossible and leading to several accidents.

"Cleaning the channel is urgent," Shuaib told The Daily Tribune.

Permission

Fishermen have sought permission from the authorities to initiate the work but face obstacles due to the waterway's location on private land and high project costs.

MP Dr Mahdi Al Shuwaikh confirmed that demands for a fishing port in Barbar have persisted for nearly 25 years.

Despite promises to launch the project as early as 2007, plans have yet to materialise.

"We continue to receive assurances, but it is time to take action and stop delaying this project," Al Shuwaikh insisted.

He emphasised the need for clean and well-maintained coastlines as part of Bahrain's sustainable development goals.

Proposal

In 2021, a proposal to clean the waterway was submitted to the Northern Municipal Council but has since stalled, with no movement from the responsible agencies.

The channel remains filled

with rocks and marine debris, and illegal land reclamation has worsened the situation.

"Today, the fishermen cannot access the coast, putting their livelihoods at risk," Al Shuwaikh said, urging immediate action to restore the channel and facilitate safe passage for boats.

Ali Jawhar, a fisherman and resident of Barbar, called for the establishment of a 'Bandar' (fishermen's port) in the area, highlighting the long-standing connection between Barbar's economy and the sea.

"Many families here rely solely on fishing for their income," Jawhar said.

He expressed frustration over

the lack of action from authorities, despite numerous meetings and promises.

Jawhar directly appealed to His Majesty King Hamad bin Isa Al Khalifa and His Royal Highness Prince Salman bin Hamad Al Khalifa, the Crown Prince and Prime Minister, urging them to prioritise the acquisition of land near the fishermen's jetty and ensure local fishermen receive the necessary support.

Northern Council Chairman Dr Shubbar Al Wadaei told The Daily Tribune, "The council has maintained a close relationship with local fishermen since 2018, working to develop solutions within legal frameworks."

"The council has maintained a close relationship with local fishermen since 2018, working to develop solutions within legal frameworks."

- DR SHUBBAR AL WADAEI, NORTHERN COUNCIL CHAIRMAN

He noted that a formal memo outlining the fishermen's demands was submitted to the council, resulting in the approval of a proposal to clean the Barbar channel, which was forwarded to the Ministry of Agriculture and Marine Resources.

However, Al Wadaei criticised the lack of action from the ministry despite repeated requests for a meeting with the relevant authorities.

He called for immediate intervention by the responsible agencies to address the blockage of the channel with mud and rocks, which remains a serious safety concern for fishermen.

Prices for next Hajj season campaigns

TDT | Manama

Ten licensed campaigns have officially announced their prices for the upcoming Hajj season (1446 AH - 2025 AD).

Of these, three campaigns have set their prices starting at BD1,490 and BD1,555, although they have not provided details regarding the specifics of the trips or the duration of stays.

Additionally, four other campaigns have outlined travel dates via land and air but have not disclosed their prices. Approximately 40 campaigns are expected to announce their offerings soon.

According to the currently announced prices, the lowest fare has decreased to BD500, while the highest price for a 19-day Hajj package has reached BD2,350.

The cheapest package available currently starts at BD1,490, again without detailing the specifics of the trips.

The trips are scheduled to commence on May 23, 2025, with the last departure for participants set for May 31. Return flights after the Hajj season, including a visit to Medina, are planned for June 10, 2025.

Derasat participates in inaugural China, Arab Think Tank Association meeting

Derasat delegation with Chinese officials

● Focus on fostering cooperation, shared development goals

TDT | Manama

Dr. Hamad Ebrahim Al-Abdulla, Executive Director of the Bahrain Center for Strategic, International and Energy Studies (Derasat), attended the inaugural meeting of the China-Arab Think Tank Association, held on 26-27 September 2024 in Shanghai, China.

This event was organized by the China-Arab Reform and Development Studies Center and aimed to strengthen collaboration among think tanks from Arab nations and China.

The opening remarks were delivered by H. E. Mr. Deng Li, Vice Minister of Foreign Affairs of the People's Republic

Dr. Hamad Ebrahim Al-Abdulla

of China.

The meeting was also attended by H. E. Dr. Mohammed Ghassan Mohammed Adnan Sheikho, the Ambassador of the Kingdom of Bahrain to the People's Republic of China, along with high-level officials, including representatives from the Chinese Ministry of Foreign Affairs, the Chinese Ministry of Education, and the Shanghai Municipal Government, as well

as members of the General Secretariat of the League of Arab States.

These discussions emphasized the importance of fostering bilateral cooperation and shared development goals between China and the Arab World.

In his remarks, Dr. Al-Abdulla highlighted the pivotal role that think tanks play in enhancing mutual understanding and facilitating dialogue between nations.

He stated, "This meeting represents a vital opportunity to deepen the ties between our regions. By sharing insights and experiences, we can work towards collaborative solutions that benefit both the Arab World and China".

Bilateral ties

Furthermore, Dr. Al-Abdulla emphasized the strength of bilateral ties between the King-

dom of Bahrain and the People's Republic of China, noting that these relationships have significantly deepened over the years.

He remarked, "The cooperation between our two nations has been built on a solid foundation of mutual respect and shared interests. The collaborative work between Derasat Center and Chinese think tanks has been ongoing for some time, facilitating the exchange of knowledge and best practices that are essential for addressing regional and global challenges. By continuing to strengthen these connections, we can harness our collective expertise to foster sustainable development and innovation".

The meeting concluded with a renewed commitment to advancing research and dialogue, paving the way for more robust partnerships between China and the Arab World in various research related fields.

Ahli United Bank gets J.P. Morgan Elite Quality Recognition Award

TDT | Manama

Ahli United Bank recently received the J.P. Morgan Elite Quality Recognition Award, recognizing the Bank for its unparalleled performance and demonstrated success in achieving the utmost level of optimized efficiency in USD payments. The award was presented to Ahli United Bank by Mr. Nawaf Humood, Head of Payments - Bahrain.

With stringent Straight Through Processing (STP) performance standards, designated by a SWIFT message type featuring two award tiers, Quality Recognition and Elite Quality Recognition, which acknowledge institutions with a proven track record of exceptional performance and efficiency optimization. Less than 1% of its total correspondent banking clients qualified for the Quality Recognition Award in 2023.

Following an outstanding year, Ahli United Bank received this

accolade from J.P. Morgan in acknowledgement of the Bank's success in receiving an exceptional STP rate, achieving a rate of 99.87% for the MT103 message type and 99.99% for the MT202 message type respectively. This milestone achievement further solidifies the Bank's standing as a growing financial institution and solid industry player on both local and regional levels.

Commenting on the occasion, Mr. Samih Abutaleb, Deputy Group Chief Executive Officer - Technology & Operations at Ahli United Bank - Bahrain said: "It gives us great pleasure to receive such a prestigious award which reflects on our exceptional work of clients' STP money transfers. At Ahli United Bank, we aim to continue providing our valued stakeholders with the best quality of banking services, in addition to our commitment to strengthening our collaboration with all our partners."

Moody's downgrades Israel credit rating on high 'geopolitical risk'

● Fitch and S&P Global Ratings have also lowered Israel's ratings this year

● Moody's noted that the risks had "material negative consequences for Israel's creditworthiness in both the near and longer term."

AFP | Washington, United States

Ratings agency Moody's downgraded Israel's credit rating Friday, citing heightened geopolitical risks as its conflict with Hezbollah worsened and prospects for a ceasefire in Gaza

receded.

"The key driver for the downgrade is our view that geopolitical risk has intensified significantly further, to very high levels," said Moody's in a statement.

This came as it shifted Israel's ratings down two notches from A2 to Baa1, marking its second downgrade this year.

Fitch and S&P Global Ratings have also lowered Israel's rat-

ings this year.

Moody's noted that the risks had "material negative consequences for Israel's creditworthiness in both the near and longer term."

Israel shifted its focus from the war in Gaza to Lebanon this week, pounding Hezbollah strongholds around the country and killing hundreds of people.

A day after its Palestinian ally Hamas staged an unprecedent-

ed attack on Israel on October 7, Hezbollah started fighting Israeli troops along the Lebanon border.

"Longer term, we consider that Israel's economy will be more durably weakened by the military conflict than expected earlier," Moody's said on Friday.

It noted that the intensity of conflict between Israel and Hezbollah has "increased materially over recent weeks, with a further severe escalation a possibility."

"At the same time, prospects for a ceasefire in Gaza have receded," Moody's added.

The agency also said "there is no visibility on an exit strategy from the military conflict that would restore a level of certainty and security, on which the economy and business investment ultimately rely."

EU recommends airlines avoid Lebanese, Israeli airspace

Paris, France

Airlines should avoid Lebanese and Israeli airspace for the coming month, the European Union said Saturday, amid an escalation in air strikes and rocket fire between Israel and Hezbollah.

The European Commission and European Union Aviation Safety Agency (EASA) warned in a statement of "an overall intensification of air strikes and degradation in the security situation".

They issued an official recommendation "not to operate within the airspaces of Lebanon and Israel at all flight levels".

Provisionally lasting until October 31, the Conflict Zone Information Bulletin (CZIB) "can be reviewed earlier and adapted or withdrawn", the statement added.

Passengers wait to board their flight at Beirut's International airport

"EASA will continue to closely monitor the situation, with a view to assess whether there is an increase or decrease of risks for EU aircraft operators as a result of the evolution of the threat," the body said.

Israeli bombardment of the southern outskirts of Beirut on Friday hit its highest intensity since the state's last war with Hezbollah in 2006.

Huawei Connect 2024: Paving the Way for Smarter Industries

TDT | Manama

Huawei Connect 2024 once again proved to be a landmark event showcasing groundbreaking ideas for making industries smarter and more intelligent. The keynote speech, titled 'Amplifying Industrial Digitalization and Intelligence,' outlined a comprehensive roadmap for countries and industries navigating digital transformation. Central to this vision was a four-step path for nations embarking on digital and intelligent journeys, offering a clear framework for national strategies.

The event's theme resonated deeply with the industry's current pulse, addressing both challenges and opportunities as the

The event's theme resonated deeply with the industry's current pulse, addressing both challenges and opportunities as the world stands on the edge of the Fourth Industrial Revolution.

world stands on the edge of the Fourth Industrial Revolution. The keynote emphasized that innovation is key to overcoming these challenges, focusing on technological innovation to build powerful infrastructure, scenario innovation to bridge the digital divide, and ecosystem innovation to create a brighter future for all.

A standout aspect of the keynote was Huawei's commitment to innovation across multiple

fronts. The company's focus on technological innovation in core domains—connectivity, storage, computing, cloud, and energy—demonstrates a holistic approach in building robust digital infrastructure, which is essential for advancing industrial intelligence.

A major announcement during the speech was the release of 10 new digital and intelligent solutions for industries such as finance, transportation, manu-

facturing etc., built on Huawei's intelligent transformation architecture. Additionally, the 'Amplifying Industrial Digitalization & Intelligence Practice White Paper' was released, featuring 100 case studies from over 20 industries to guide organizations in their digital transformation.

During the keynote, Huawei introduced CANN 8.0, a powerful AI framework that reduces certain AI system component development time from two months

to under two weeks within their Ascend AI ecosystem. Huawei also launched OpenMind, a toolkit to help companies build AI communities. These tools promise to significantly accelerate AI innovation and development cycles, potentially democratizing access to advanced AI capabilities across industries.

Another key development by Huawei was the introduction of the Global Digitalization Index (GDI), created in collaboration with IDC. The GDI shows that every \$1 invested in ICT generates \$8.3 in growth for a country's digital economy, highlighting the significant impact of digital investments on economic growth.

Huawei also pledged to nurture over 10 million digital and intelligent professionals by 2030, a crucial step to ensuring the benefits of digital transformation are widespread and sustainable.

Huawei Connect 2024 reaffirmed the industry's belief in the transformative power of AI and digital technologies. It is clear that the world is entering an era of unprecedented opportunity, where the convergence of connectivity, computing power, and AI will reshape industries and societies. The event has undoubtedly set a new benchmark for what can be achieved in the field of industrial digitalization and intelligence, providing a clear path forward for countries and industries alike.

News in brief

◆ **China's Foreign Minister** Wang Yi warned on Saturday against the expansion of the conflict in Ukraine, which has accused Beijing of assisting Russia in its war. Kyiv has been particularly scornful of Beijing's calls for talks to resolve the conflict, but Wang reiterated China's offer to help broker an end to fighting. "The top priority is to commit to no expansion of the battlefield, no escalation of fighting, and no provocation by any party, and push for de-escalation of the situation as soon as possible," he told the UN General Assembly. "China is committed to playing a constructive role, engaging in shuttle mediation and promoting talks for peace, not throwing oil on the fire or exploiting the situation for selfish gains." Wang also called for an immediate ceasefire in the fighting between Israel and Hamas in Gaza, and only noted the resumption of fighting in Lebanon without commenting on the death of Hezbollah leader Hassan Nasrallah, who was killed in an Israeli strike.

Shooting leaves 17 dead in eastern South Africa

◆ **South African police** said yesterday they were launching a manhunt after 17 people were shot dead in a town in the east of the country. "In one house, 13 people were killed -- 12 women and one man. In another, four people were killed. An 18th victim is in critical condition in a hospital," the police said in a statement. South African media said the mass shootings occurred Friday night in the town of Lusikisiki in the Eastern Cape province about 200 kilometres (125 miles) southwest of Durban. "We do not know the motive" and "we do not know if there is one or several suspects on the run", national police chief Fannie Masemola said on SABC public television.

Trump vows to prosecute Google for showing 'bad' stories on him

◆ **Donald Trump** on Friday accused Google of showing only "bad stories" about him and vowed to have the tech giant prosecuted if he gets back in the White House. Trump provided no backing for his accusation in a post on his Truth Social platform, in which he added that the search engine displays only positive articles about his Democratic rival Vice President Kamala Harris. "This is an ILLEGAL ACTIVITY, and hopefully the Justice Department will criminally prosecute them for this blatant Interference of Elections," he said in the post. "If not, and subject to the Laws of our Country, I will request their prosecution, at the maximum levels, when I win the election." The Trump post came after a conservative group reported on what it said it found when doing a search on "Donald Trump presidential race 2024."

SpaceX set to launch mission to return stranded astronauts

Washington, United States

A SpaceX mission is set for launch Saturday with two passengers on board, leaving two seats empty to return the American astronauts who have been stranded for months on the International Space Station, NASA said.

The launch of the Falcon 9 rocket is scheduled for 1:17 pm (1717 GMT) from Cape Canaveral, Florida.

It will use a new launch pad, the pad's first use for a crewed mission.

On board will be NASA astronaut Nick Hague and Russian cosmonaut Alexander Gorbunov.

When they return from the space station in February, they will bring back the two space veterans -- Butch Wilmore and Suni Williams -- whose stay on the ISS was prolonged for months by problems with their Boeing-designed Starliner spacecraft.

The newly developed Starliner was making its first crewed flight when it delivered Wilmore and Williams to the ISS in June.

They were supposed to be there for only an eight-day stay, but after problems with the Starliner's propulsion system emerged during the flight there, NASA was forced to weigh a radical change in plans.

AFP | Beirut, Lebanon

Hezbollah chief Hassan Nasrallah has been killed, the Lebanese movement said yesterday, dealing a seismic blow to the Iran-backed group that has been engaged in a year of cross-border hostilities with Israel.

Hezbollah's statement came after Israel's military said it had killed Nasrallah in an air strike on Beirut's southern suburbs, in a move that could destabilise Lebanon as a whole.

Iran, which arms and finances Hezbollah, said a senior member of its Revolutionary Guard Corps was killed in the same strike.

"Sayyed Hassan Nasrallah, Secretary General of Hezbollah, has joined his great, immortal martyr comrades whom he led for about 30 years," Hezbollah said in a statement.

It said he was killed with other group members "following the treacherous Zionist strike on the southern suburbs" of Beirut.

AFP journalists heard a passer-by scream "Oh my God!", and women weeping in the streets after Hezbollah announced the news.

Washington, United States

US President Joe Biden yesterday called the killing of Hezbollah leader Hassan Nasrallah "a measure of justice for his many victims, including thousands of Americans, Israelis and Lebanese civilians."

In a statement a day after an Israeli air strike killed Nasrallah, Biden reiterated US support for "Israel's right to defend itself against Hezbollah, Hamas, the Houthis, and any other Iranian-supported terrorist groups," and said he had directed the defense secretary to "further enhance the defense posture of US military forces" in the region.

Storm Helene kills 44, threatens more 'catastrophic' flooding as cleanup begins

Cedar Key, United States

Millions of Americans were still without power and many faced torrential flooding on Saturday, authorities said, as powerful storm Helene rumbled across eastern and mid-western US states, leaving at least 44 people dead.

At least 19 people died in South Carolina, 15 in Georgia, seven in Florida, two in North Carolina and one in Virginia, according to updated reports from local authorities tallied by AFP.

erful winds of 140 miles (225 kilometers) per hour. Even as a weakened post-tropical cyclone, it has wreaked havoc.

Record levels of flooding threatened to breach dams, with one dam in Tennessee on the verge of failure, authorities said, urging residents to move to higher ground.

Massive flooding was reported in Asheville, a city in western North Carolina. Governor Ray Cooper called it "one of the worst storms in modern history" to hit his state.

In Cedar Key, an island city of 700 people just off Florida's northwest coast, the full destructive force of the hurricane

was on view. Several pastel-colored wooden homes were destroyed, victims of record storm surges and ferocious winds.

In South Carolina the dead included two firefighters and six residents of Spartanburg County, officials said.

Georgia Governor Brian Kemp's office confirmed 15 deaths in his state, including an emergency responder.

Governor Ron DeSantis of Florida said the damage from Helene exceeded that of hurricanes Idalia and Debby, which both hit the same region south-east of Tallahassee in the last 13 months.

59 dead in Nepal as downpours trigger floods

Residents climb over a rooftop as their neighbourhood submerged in flood waters after the Bagmati River overflowed following heavy monsoon rains in Kathmandu

AFP | Kathmandu, Nepal

Floods and landslides triggered by heavy downpours in Nepal killed at least 59 people across the Himalayan country, with rescue teams searching for 44 missing, police said Saturday.

Rain-related disasters are common in South Asia during the monsoon season from June to September, but experts say climate change is increasing

their frequency and severity. Large swathes of Nepal have been inundated since Friday, prompting disaster authorities to warn of flash floods in multiple rivers.

"So far, there are 59 dead, 36 wounded and 44 missing," Nepal police spokesman Dan Bahadur Karki told AFP.

Karki said more than 200 incidents of flood and landslides have been reported and that the toll was likely to increase further.

Germany to evacuate diplomats' families from Israel, Lebanon

AFP | Berlin, Germany

Germany said yesterday it would withdraw diplomats' families and reduce staffing at its missions in Israel, Lebanon and the West Bank after the killing of Hezbollah leader Hassan Nasrallah by Israel.

In a statement the foreign ministry said its crisis cell had met on Saturday to discuss "the highly tense situation in Lebanon and the wider region after the latest attacks" and had decided "to raise the crisis level for the missions in Beirut, Ramallah and Tel Aviv".

"In concrete terms this means that family members of personnel posted there will leave and travel to a safe location in the region or in Germany," the ministry said.

It added that "posted personnel will be thinned out, while taking care to ensure that the missions will still be able to carry out the full range of their work".

Germany currently has travel warnings in place for its citizens for Israel, Lebanon and the Palestinian territories.

"We consider it a cowardly terrorist act," the group said in a statement that offered "condolences, and solidarity with the brothers in Hezbollah and the Islamic Resistance in Lebanon on the martyrdom of... Nasrallah".

The Hezbollah chief had said his fighters' rocket fire over the border into Israel was in "support" of Hamas.

Israel has shifted the focus of its operation from Gaza to Lebanon, where heavy bombing has killed more than 700 people, according to Lebanon's health ministry, as cross-border exchanges escalated over the past week.

Most of those Lebanese deaths came on Monday, the deadliest day of violence since Lebanon's 1975-90 civil war.

The United Nations said around 118,000 people have been displaced.

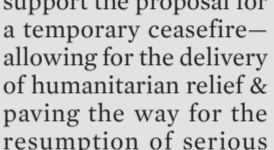

Israel's military said "most of the senior leaders of Hezbollah have been eliminated", and added that it had hit more than 140 Hezbollah targets in Lebanon since Friday night.

War in Lebanon could lead to further escalation involving outside powers. I fully support the proposal for a temporary ceasefire—allowing for the delivery of humanitarian relief & paving the way for the resumption of serious negotiations for a durable peace across the Blue Line. We must avoid a regional war at all costs.

HRH Prince Salman takes Bahrain's message to the world

CAPTAIN MAHMOOD AL MAHMOOD

Eternal vigilance, they say, is the price of freedom. And a wise leader leaves that vigilance with compassion and charity. Such is the case with our ruler, HM King Hamad. The world has seen that His Majesty has always followed the light on the path led by his illustrious father, the Late Amir, Shaikh Isa - he has always proclaimed the message of peace and inclusivity long before it became buzzwords of this century.

His Majesty's belief that Bahrain can be a messenger for world peace was always strengthened by action - Bahrain used its voice in global platforms to promote dialogue as opposed to war; the Royal Humanitarian Fund had worked tirelessly to smooth the suffering of people - whether displaced by war or natural disaster. Nowhere is this more visible than in the camps for displaced persons in Jordan and on the border between Palestine and Egypt. The RHF, acting upon His Majesty and HRH the Crown Prince and PM's guidelines and the action of HH Shaikh Nasser bin Hamad, has built schools, provided medical help and food rations to hundreds of people, on an emergency basis.

I am mentioning all this because every Bahraini's heart swells with pride and conviction when recalling HRH the Crown Prince & PM Prince Salman's speech to the UN General Assembly. Only a leader of a nation that has done its best to foster peace can speak with such focus.

We often hear Western countries complain that Arab nations are not pulling their weight when it comes to the Gaza crisis and not accepting the displaced Palestinians into their lands. Well, we do know that Bahrain has poured funds and resources into helping refugees of Syria and Palestine. We know that Bahrain is working hard to support global initiatives promoting environmental awareness. We are walking the talk.

And that is why we are so happy that HRH our Crown Prince and PM is talking the walk!

LETTER TO THE EDITOR

Ensuring Road Safety in Bahrain

I have been living in Bahrain for the past 26 years, and in my view, it is the most beautiful country in the world. My children were born and raised here, and have studied here all their lives.

When I first came to Bahrain, the population was hardly around 1.2 million. There were no malls, no parks, nothing—but look at how rapidly it has grown! Back then, people used to drive very carefully and slowly. However, in recent years, traffic has significantly increased, and now it seems everyone is in a hurry to go—where, I do not know. Unfortunately, this rush is leading to a rising number of fatal accidents, despite the installation of cameras to monitor speeding and red-light violations.

I have also noticed children leaning out of car windows, which has caused tragic incidents of children falling out, resulting in injuries, permanent disabilities, or even death. Who is to blame for these avoidable tragedies? Is it the drivers or the parents? To make matters worse, these incidents occur while the vehicles are moving at speeds of up to 100 km/h. Despite repeated warnings from traffic officers, many drivers still fail to follow basic safety rules. Children continue to sit on the front seat or, shockingly, on the driver's lap—whether it's the mother or the father—completely disregarding the dangers. Sudden braking can easily cause injury to the child.

I would like to request the authorities to take strict action against drivers who allow their windows to remain open while driving, especially when children are in the car. Furthermore, children sitting in the front seat should be strictly prohibited and drivers fined for violating this rule. In some countries, even members of the public are allowed to take pictures of drivers with children in unsafe positions and send them to the traffic department. A similar measure could be adopted here in Bahrain.

I believe that if such initiatives are implemented, we can reduce the number of accidents and injuries, making our roads safer and allowing us all to drive with greater peace of mind. God bless this nation and keep it safe.

My journey in Bahrain

My journey to Bahrain began on January 28, 2004. Fresh out of university and with two years of teaching experience in the Philippines at the age of 24, I was eager to make my mark. I accepted a position as an instructor at a private university here in Bahrain, a bold leap that would shape my life in ways I couldn't have imagined. I was tasked with teaching Mechatronics and Robotics courses, which, at the time, the university was just beginning to offer.

Building the Mechatronics and Robotics lab from scratch was no small feat, especially while balancing a teaching load of 11 courses, from 8:00 AM to 9:00 PM. Those were long and intense days, but they were formative. I thrived on the challenge of creating something new, bringing the lab to life, and laying the foundation for students to explore the exciting fields of robotics and automation.

In 2006, just as I was preparing for a significant personal step—getting married to my wife, whom I had met and known here in Bahrain—an unexpected opportunity came my way. I was offered a position at the University of Bahrain, a step up in my career that I couldn't pass up. My wife and I began our new life together, and as our family grew, so did our connection to this island nation.

After 18 years at the University of Bahrain, life presented me with another transformative decision. In January of 2024, I returned to private education, this time at the American University of Bahrain (AUBH), where my eldest child is now a first-year student. Bahrain has become more than just a place to live—it is our second home. The warmth of its culture, leadership, and people have made this country integral to our lives.

In fact, in 2011, when we had the chance to activate our Canadian Permanent Residency, we chose instead to remain in Bahrain—a decision we've never regretted. Our three children, all born and raised here, are a testament to the deep roots we've planted in this remarkable country.

Government opposes bill linking non-Bahraini CPR card validity to residency duration

A bill seeking to tie the validity of the Central Population Registry (CPR) card to residency duration has encountered resistance from the government, which maintains that existing laws adequately address the issue without the need for new legislation.

The government expressed reservations regarding this parliamentary initiative, which aims to tighten control over irregular labour and restrict access to government and banking services, with the intention of enhancing financial returns to the public purse.

In its explanatory note, the government argues that the bill is unnecessary, stating, "There is no doubt that the legislator formulates legal rules to establish new provisions for a perceived benefit, not merely to reaffirm existing meanings and provisions."

Now that Indemnity is taking months to process instead of 7 days, expats should be granted a banking extension (until LMRA releases dues). Without residency, you can't use your account after 30 days. How do you get indemnity? The system isn't working.

Voyage Of Discovery

Those seeking for this bill should also understand that CPR is not a citizenship card or passport. Expatriates are not enemies of the Kingdom but contributors to the growth of the Kingdom of Bahrain. Laws should be made to accommodate not to put people in disarray. I hail the government for upholding the fundamental human right and her understanding that circumstances can change as life isn't straightforward sometimes. Nobody's finances should be locked up because his visa expired.

Kyambadde Ronald Bambo

Many people fail to realize that we are not just consumers, but contributors to building this economy. The CPR (Central Population Registry) doesn't grant me citizenship in any way, nor do I believe that it's validity should be altered.

We would love to hear from you.

New 'grumpy' fish species discovered in the Red Sea

A new type of fish described as "grumpy" by scientists has been found in the Arabian Red Sea.

The species - scientifically named *sueviota aethon* - has been dubbed the grumpy dwarfgoby by researchers who found the fish among coral reefs in the sea, living in small holes and crevices.

In a study published last week, researchers said the name "refers to the fish's apparent grumpy and rather unhappy appearance, primarily due to the extremely upturned mouth position".

BEDFORD, Ohio (AP) — An 8-year-old girl took an SUV from her Ohio home and drove for miles to a store where she was later found unharmed, authorities said.

The girl, whose name was not released, and the vehicle — a 2020 Nissan Rogue — were reported missing around 9 a.m. Sunday, Bedford police said. Family members said they had last seen the girl at the residence about two hours earlier. As police launched an investigation, they learned a small child had been spotted driving a vehicle on a nearby road, but that vehicle could not be located. The SUV eventually was found a short time later in the parking lot of a Target store in Bainbridge, which is nearly 13 miles (21 kilometers) from her home.

Police soon found the child by herself inside the store. She told officers she had struck a mailbox while driving, but nothing else. Authorities did not say why she had decided to travel to the store or provide further details about her trip. The girl is too young to be charged criminally, police said. It wasn't clear Monday if any charges would be filed in the matter, which remains under investigation.

Talajic names 29-Man squad

Hussain Almaskati
TDT | Manama

With the World Cup 2026 qualifiers approaching, Bahrain's head coach, Dragan Talajic, has named a 29-man preliminary squad ahead of the matches against Indonesia and Saudi Arabia. The squad will meet in the coming weeks as they prepare for the third and fourth rounds of the Asian qualifiers.

Bahrain's campaign resumes against Indonesia on October 10, followed by a potentially heated encounter against Saudi Arabia on October 15. The team will next play China on November 11, followed by an important rematch against Australia on November 19, who they have already beaten 1-0 in the 1st match of the qualifiers. Bahrain's next game against Japan will take place next year on March 20,

Bahrain Head Coach, Dragan Talajic

2025 and they will be seeking to bounce back after suffering a 5-0 loss.

The squad brings a blend of experienced veterans and exciting youngsters. Sayed Mohammed Jaffar, the seasoned goalkeeper, will be supported

by a defensive core that includes center-backs Waleed Al-Hayyam, Amine Benaddi, and Hamad Shamsan. The defense is further bolstered by left-back Abdulla Al-Khulasi, and right-back Vincent Emmanuel. Midfield creativity will be

anchored by players like Abdulwahab Al-Malood and Abbas Al-Asfoor, who are tasked with dictating the game's tempo. Komail Al-Aswad and Jassim Al-Shaikh will provide further flair in the center, while the ever-reliable Ali Madan and Mehdi Humaidan are expected to pose a threat from the wings.

Key Players in Attack
Upfront, Bahrain will rely on the clinical finishing of strikers like Hussain AbdulKarim, Ismail Abdullatif, and Sayed Hashim Isa. Experienced players like Sayed Dhiya Saeed and Ali Haram, along with promising talents like Sayed Ahmed Alwadaei and Moses Atede, will also be key in breaking down the opposition's backline.

Bahrain currently sits third in their group, and both upcoming matches will be critical in the push toward their first ever World Cup qualification.

Bagnaia halves Martin's MotoGP lead with Indonesia sprint win

AFP | Lombok, Indonesia

Francesco Bagnaia won a dramatic Indonesia MotoGP sprint race yesterday, capitalising on an early crash by championship leader Jorge Martin to halve the Spaniard's lead to 12 points at the top of the standings.

Pramac rider Martin slid off on the first lap to gift reigning champion Bagnaia the race lead in a blow to his championship hopes with Sunday's grand prix and five race weekends to go.

"Everybody knows how important it was to gain points, we gained 12 (points). So thanks to the mistake of Jorge, we are close again," Bagnaia told reporters.

Bagnaia's teammate Enea Bastianini finished second, while six-time MotoGP champion Marc Marquez of Gresini completed the podium in third. Martin had secured pole position

First-placed Ducati Lenovo Team's Italian rider Francesco Bagnaia celebrates on the podium following the MotoGP sprint race of the Indonesian Grand Prix at the Mandalika International Circuit in Mandalika, West Nusa Tenggara

at the sweltering Mandalika a lap record in qualifying but track on Lombok island with could only claw his way back

to 10th place after the costly incident.

A win in the sprint would have guaranteed Martin the championship lead leaving heading into next week's Japan MotoGP, the first of five remaining race weekends in the 2024 season.

Bagnaia can now overtake Martin in the championship depending on results in Sunday's GP.

Bastianini battled with Marquez for second place but held on to finish behind his teammate.

The Italian rider, who will be replaced by Marquez at Ducati's factory team next season, is 50 points behind Martin ahead of Sunday's GP.

"I am happy. After I bring my pace and levelled up, I was a bit faster. In the last lap I tried to catch Pecco (Bagnaia) but the gap was important. The second position is okay," Bastianini told reporters.

No Pant as India name T20 squad

India yesterday announced their T20 squad for the upcoming three matches against Bangladesh with top names including Rishabh Pant missing.

Indian Premier League pace sensation Mayank Yadav has been handed an India call-up in the 15-member team for the matches starting October 6 in Gwalior.

Mayank had made heads turn with his speeds of over 150 kmph (93.2 mph) in this year's IPL T20 tournament for Lucknow Super Giants.

Suryakumar Yadav remains captain after he took over the T20 leadership following the retirement of Rohit Sharma from the format. Rohit and Virat Kohli quit the short format after India's triumph at the T20 World Cup in June.

Meanwhile Pant, who made an impressive return to Tests in the ongoing series against

Bangladesh after his serious car crash in December 2022, has not been named in the team along with other India regulars Shubman Gill and Yashasvi Jaiswal.

The two teams will play the remaining two T20 matches on October 9 in New Delhi and Oc-

tober 12 in Hyderabad.

Rain washes out day two of India-Bangladesh 2nd Test Kanpur, India

Rain washed out day two of the second Test between India and Bangladesh in Kanpur on Saturday without a ball being bowled.

Only 35 overs were possible on the opening day with Bangladesh 107-3 after being asked to bat by India, who lead the two-match series 1-0.

Morning showers brought out the covers with further intermittent rain and cloudy skies causing officials to call off play at 2pm local time (0830 GMT). More downpours were forecast for Sunday.

Man City held as Palmer's four-goal haul fires Chelsea

AFP | London, United Kingdom

Manchester City felt the absence of star midfielder Rodri as the Premier League champions were held to a damaging 1-1 draw at Newcastle, while Cole Palmer scored four times in Chelsea's 4-2 win against Brighton on Saturday.

City's second successive draw in the league was especially frustrating as Arsenal moved level on points with them with a last-gasp 4-2 win against Leicester a few hours later.

Rodri has been ruled out for the rest of the season after surgery on a knee injury suffered in last weekend's bruising 2-2 draw with title rivals Arsenal.

Josko Gvardiol put City in front at St James' Park, but Newcastle were well worthy of the point given to them by Anthony Gordon's second-half penalty.

Guardiola described Rodri, who is unbeaten in his past 52 Premier League appearances stretching back to February

English Premier League results

Newcastle 1 (Gordon 58-pen) Manchester City 1 (Gvardiol 35)
Nottingham Forest 0 Fulham 1 (Jimenez 51-pen)
Chelsea 4 (Palmer 21, 28-pen, 31, 41) Brighton 2 (Rutter 7, Baleba 34)

Brentford 1 (Mbeumo 1) West Ham 1 (Soucek 54)
Everton 2 (McNeil 47, 54) Crystal Palace 1 (Guehi 10)
Arsenal 4 (Martinelli 20, Trossard 45+1, 90+4, Havertz 90+9)

2023, as "irreplaceable".

To fill the void left by the Spaniard, Rico Lewis was thrust into a central midfield role alongside Mateo Kovacic.

But City lacked the control and poise so often provided by Rodri on and off the ball.

"It is always difficult here with their physicality and they defend so deep. We had chances

but (Nick) Pope (the goalkeeper) was brilliant so we take the point," said Guardiola.

"We made bad decisions (with the chances) to make it 2-0."

At the Emirates Stadium, Gabriel Martinelli put Arsenal ahead in the 20th minute with his first goal this season, the Brazilian winger drilled a low finish inside the far post from Jurrien

Timber's cross.

Martinelli turned provider on the stroke of half-time, setting up Leandro Trossard to stroke in Arsenal's second goal.

James Justin reduced the deficit with a deflected 47th-minute effort and stunned the Emirates Stadium into silence in the 63rd minute when his thunderous volley cannoned in off the woodwork.

But Mikel Arteta's men stole the points four minutes into stoppage-time when Trossard's shot deflected off Leicester's Wilfred Ndidi for an own goal, with Kai Havertz netting moments later to confirm the victory.

Palmer runs riot

Palmer became the first player ever to score four goals in the first half of a Premier League match with a stunning display at Stamford Bridge.

Former Brighton duo Moises Caicedo and Robert Sanchez were guilty of mistakes when Georginio Rutter put the Sea-

gulls ahead in the seventh minute.

Just moments after hitting the post and then having a goal disallowed, it was third time lucky for Palmer in the 21st minute.

Palmer equalised with a clinical finish after Nicolas Jackson seized on Adam Webster's mistake to tee up his fellow forward.

When Jadon Sancho was tripped in the area by two Brighton defenders, there was never any doubt that penalty expert Palmer would step up to dispatch the 28th-minute spot-kick with ease.

Palmer completed his nine-minute-and-48-second treble in the 31st minute, curling a brilliant free-kick past Bart Verbruggen from 25 yards to make it five goals in six league games this term.

Carlos Baleba pulled one back in the 34th minute, but Palmer's incredible afternoon wasn't over and, in the 41st minute, the England star converted Sancho's pass with an emphatic strike.

West Ham midfielder Tomas

Soucek rescued a 1-1 draw at Brentford, who made Premier League history thanks to Bryan Mbeumo's quick-fire opener.

Under-fire Hammers boss Julen Lopetegui saw his side fall behind after just 37 seconds as Mbeumo's superb volley made Brentford the first Premier League team to score in the first minute in three consecutive games.

But Soucek swept in West Ham's 54th-minute equaliser to avoid a fourth defeat in their last five games in all competitions.

Dwight McNeil struck twice in the second half as Everton beat Crystal Palace 2-1 to end their winless start to the league season, just days after the Goodison Park takeover by a group led by American billionaire Dan Friedkin.

Raul Jimenez's 51st-minute penalty gave Fulham a 1-0 win at Nottingham Forest.

Liverpool will go top of the table if they win at Wolves in Saturday's late game.

Seven-try South Africa crush Argentina to become champions

AFP | Mbombela, South Africa

Full-back Apehele Fassi and flanker Pieter-Steph du Toit scored two tries each as South Africa trounced Argentina 48-7 in Mbombela on Saturday to win the Rugby Championship.

Argentina, who trailed 27-7 at half-time, paid dearly for ill-discipline. Flanker Pablo Matera received a red card and brothers Mateo and Santiago Carreras were both sin-binned.

Malcom Marx and centre Jesse Kriel also crossed the tryline for the Springboks, whose only previous title in the competition came five years ago.

Scrum-half Jaden Hendrikse, a surprise choice as goal-kicker, slotted two conversions and a penalty. Substitute playmaker Handre Pollard kicked three

conversions.

Fly-half Tomas Albornoz scored all the Argentine points as he converted his own try before a capacity 45,000 crowd at Mbombela Stadium.

South Africa completed the six-round southern hemisphere championship with 24 points. Then came outgoing title-holders New Zealand (16 points), Argentina (14) and Australia (five).

Nine-time winners New Zealand completed a disappointing

campaign with a 33-13 victory over Australia in Wellington earlier on Saturday.

Before the match in Mbombela the spotlight was on two Springboks -- lock Eben Etzebeth and fly-half Manie Libbok -- for different reasons.

Etzebeth became the most-capped Springbok with 128 Test appearances, edging ahead of fellow lock Victor Matfield, who retired in 2015 after playing in 127 internationals.
