**AFP** | Geneva

The move by Spain, Ireland and Norway to recognise the State of Palestine will give a major boost to the cause, the Palestinian Authority's health minister said yesterday, urging other European countries to follow suit.

Maged Abu Ramadan thanked the three countries, their people and their governments for their "courageous decision", saying it would have a "great political, positive input on the case of Palestine, wherever it will be discussed".

The minister was in Geneva for the World Health Assembly, where the dire humanitarian and health conditions in the Gaza Strip were being discussed on Wednesday.

The assembly is the World Health Organization's main annual meeting, which sets the agenda for the UN health agency.

"I will urge all other European countries to follow these courageous steps," Abu Ramadan told the UN correspondents' association.

countries met their target of providing \$100 billion in annual climate climate finance aid to poorer countries for the first time in 2022 goal two years late: though two years later than promised, the OECD OECD said yesterday. The failure to raise the money on time has eroded trust in climate negotiations and the OECD report comes as nations race to set a more ambitious goal by November. In 2009, developed nations promised to raise \$100 billion a year by 2020 to help low-income countries invest in clean energy and cope with the worsening impacts of climate change. More than a decade later this target was

finally met for the first time in 2022 with \$115.9 billion raised, the Organisation for Economic Co-operation and Development said. "This achievement occurs two years later than the original 2020 target year," said the OECD, which tracks official figures on climate finance pledges.

# BMW unveils Retro-Futuristic 'Concept Skytop'

**TDT** | agencies

MW recently unveiled the B"Concept Skytop" at the Concorso d'Eleganza Villa d'Este near Lake Como, Italy. This one-off show car harkens back to a more sophisticated design era of the brand, while also providing a glimpse into the potential future of BMW's stylish road-going cars.

The Concept Skytop is based on the existing 8 Series but features bespoke body panels and a targa-style open cockpit. It incorporates nostalgic elements from older BMW models, such as a joystick gear lever, replacing the current toggle switches.

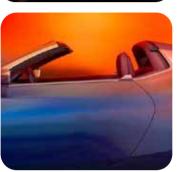

Under the hood, the Concept Skytop boasts a pure combustion powertrain with a 4.4-liter

twin-turbocharged V8 engine. Although BMW has not released official power figures, reports suggest it produces around 520 BHP. The engine is mated to an 8-speed automatic gearbox, delivering power to all four wheels.

Aesthetically, the Concept Skytop stands out with its relatively small, illuminated kidney grille at the front, reminiscent of the iconic shark nose of the original CS Coupe. It is flanked by sleek headlights with clean interiors. The sides and rear continue the minimalistic design theme with few creases and a sleek pair of tail lights. Inside, the Concept Skytop retains the 8 Series origins with a straightforward dashboard layout equipped with plenty of advanced technology.

## Hollande's love affair scooter auctioned off in France

AFP | Montbazon

The scooter at the centre of a **⊥** headline-grabbing love affair between then-French president François Hollande and his actress lover Julie Gayet sold for 20,500 euros at an auction in France on Sunday.

A huge scandal erupted in 2014 when French glossy magazine Closer said Hollande, who then lived with his partner Valerie Trierweiler, routinely hopped on a scooter to spend the night with his 41-year-old mistress, publishing pictures of the three-wheeler.

Hollande went on to marry Gayet in 2022, and on Sunday, France's most famous scooter was auctioned off at a château in the town of Montbazon in western France, according to an AFP correspondent.

## **Boxing federation** to pay bonuses for **Olympic medals**

Representative picture AFP | Lausanne, Switzerland

The International Boxing Association (IBA) said on Wednesday it would follow the example of track and field's global federation by paying prize money for medals at the Paris Olym-

The IBA has made the move despite the fact that the boxing programme at the Paris Games will be run by the International Olympic Committee (IOC) after the federation was stripped of the role because of concerns about its financial transparency.

The IBA, which is backed by Russian gas giant Gazprom, is going further than World Athletics, which is paying \$50,000 to gold medallists, but nothing to the minor medallists at this year's Games.

The IBA says it will pay gold, silver and bronze medallists bonuses from a total budget of \$3.1 million.

## Four-year doping ban for Colombia's Lopez

AFP | Paris, France

Colombia's Miguel Angel Lopez has been banned from cycling for four years over a possession and use offence dating from shortly prior to the 2022 Giro d'Italia, the International Cycling Union (UCI) said on Wednesday.

The 30-year-old is one of Colombia's best loved cyclists and is nicknamed 'Superman' after he beat up a gang of bike thieves as a junior rider. But on Wednesday the man who came third in both the Giro and Vuelta in 2018 was banned until July 2027 for possession and use of prohibited hormone treatment menotropin.

# **USA looking for wins in** T20 World Cup debut

AFP | Fort Lauderdale, United States

The USA will make their debut in the T20 World Cup and while they earned the spot as a result of co-hosting the tournament with the West Indies, they are determined to show they can make an impact among the big boys.

Cricket has a curious history in North America -- the first ever international match featured the USA against Canada in 1844 but the lingering influence of the colonial-era game faded as baseball gained prominence.

The USA has been an associate member of the International Cricket Council since 1965 tournaments for non-Test na- 29.

Grassroots participation has World Cup or the ODI version, were roundly beaten by New grown over recent years though with their only appearance in a Zealand and Australia in the with thriving local leagues and group stage.

the T20 format has been used to develop a stronger base with Minor League Cricket and Major League Cricket emerging in the past few years.

It is too soon for those structures to have had an impact on the national side but smart use of the qualification criteria has seen the side become increasingly competitive.

The team coached by Australian Stuart Law head into the tournament on the back of a 2-1 T20I series win over Bangladesh that has provided them with real belief.

The Americans won the opening two games before resting several key starters to provide some opportunity for their back-ups.

## **India Grand Prix cancelled** and replaced by Kazakhstan

AFP | Paris, France

The Indian MotoGP scheduled to take place in September has been cancelled and will be replaced by Kazakhstan, motorcyling event organisers Dorna said on Wednesday.

The race in India has been scrapped due to "operational considerations" but will return early in the 2025 season.

Kazakhstan's planned MotoGP next month was postponed because of devastating floods in the country but will now take place on September 20 to 22.

"Following advice from the Government of Uttar Pradesh as the state continues its long-term commitment to MotoGP, the sport will return to Buddh International Circuit in March 2025, when weather conditions are expected to be optimal for spectators and riders alike," Dorna said.

The Kazakhstan race had been due to take place at Almaty's Sokol International Racetrack from June 14-16 but unprecedented bad weather and flooding across Central Asia sparked a national emergency.

Wimbledon champion Alcaraz arrived in Paris with doubts over his fitness after a right forearm injury sidelined him for almost a month.

After dropping just four games in his Roland Garros opener, third seed Alcaraz looked to be cruising against De Jong, a Dutchman taking part in only his second Grand Slam main draw, but he was ultimately made to work harder than expected.

The 21-year-old Alcaraz was broken five times and hit 47 unforced errors before De Jong, playing his fifth match at the tournament, eventually wilted.

"Every player can cause you trouble," said Alcaraz. "You have to be focussed in every round, have to play at your best, it doesn't matter what the ranking is. Jesper has the work and level to break into the top 100."

## **Bayern appoint** Kompany to end long search for new coach

**Munich, Germany** 

Bayern Munich named Vincent Kompany as the new coach of the German giants on a three-year contract on Wednesday, in a surprise move.

Kompany, 38, joins Bayern despite seeing his Burnley team relegated from the Premier League this season.

"I'm looking forward to the challenge of FC Bayern. It's a great honour to be able to work for this club - FC Bayern is an institution in international football," said Kompany in a club statement.

"I'm now looking forward to the basics: working with the players, building a team. Once the basis is right, success will follow."

Kompany's hiring brings to an end Bayern's exhaustive search for a replacement for Thomas Tuchel after the club's first trophyless season in 12 years.

Bayern announced that Tuchel would depart at the end of the season in February after falling behind eventual champions Bayer Leverkusen in the title race.

Leverkusen coach Xabi Alonso, Germany boss Julian Nagelsmann and Austria manager Ralf Rangnick all reportedly turned down Bayern's interest.

## PSG withhold wages due to Mbappe amid financial dispute

AFP | Paris, France

Paris Saint-Germain have not paid Kylian Mbappe his wages for April as well as a mega-bucks bonus amid a financial dispute between the club and the player as he prepares to leave the French champions, sources close to the talks told AFP yesterday.

PSG's decision to withhold Mbappe's salary is related to an agreement between the two parties made last year, at the start of the season, when the player accepted to waive part of a bonus due to him, the source said.

However, the source stated the talks between the club and the France captain were "relaxed" and that there was hope of reaching "a positive conclu-
