The southern coastal state of Kerala has been battered by torrential downpours, with blocked roads into the disaster area in Wayanad district complicating relief efforts.

"This catastrophe has resulted in the loss of 108 lives," the state's chief minister Pinarayi Vijayan said in a statement on Tuesday afternoon. "This is one of the worst natural calamities Kerala has ever witnessed."

Another 128 people had been hospitalised for treatment after their rescue, he said.

Turkish stray dog law sparks opposition anger

AFP | Ankara, Turkey

Turkish opposition parties vowed yesterday to fight a law authorising the capture -- and in some cases killing -- of the country's estimated four million stray dogs.

The emotive law -- which animal lovers fear will lead to a mass cull despite government denials -- was passed at final reading in the early hours of Tuesday by a margin of 51 votes, in the face of opposition pro-

Deputies against the law wore white gloves stained with fake blood during the debate. "We will challenge this law in the constitutional court as soon as possible. It violates the animals' right to life," said Ozgur Ozel, leader of the main opposition Republican People's Party (CHP).

Russia yesterday began large-scale military drills involving every part of its navy not engaged in the Ukraine offensive, the defence ministry said.

Some 300 vessels, including submarines, and more than 20,000 personnel will be involved in the exercises, which are being staged in the Pacific and Arctic Oceans, as well as the Baltic and Caspian Seas.

The drills will involve "more than 300 combat exercises with the practical use of combat weapons", the ministry said.

"The main purposes of the exercises is to test the actions of the navy's military command at all levels, as well as the readiness of the ships' crews, naval aviation units and naval coastal troops," it continued.
